Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Sept. 26). Don't ignore the details this year; they'll be important. Play by the rules you've been taught, and the wise moves will become obvious. Make lists in October and find a treasure in November. Check out the gossip before you act on it in December; the facts may not back up the story. Quality control takes priority in February. Make sure you get the job done right. Travel's apt to go awry in June; it'd be more romantic to stay home, instead. Don't just nag yourself in September. Take action in the right direction.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 4 — Your job is most likely quite demanding. A new skill you're learning, or a tool you're using, isn't working right, yet. To complicate matters, your partner or mate won't mind. He or she is in the mood to argue, instead.

TAURUS (April 20-May 20) — Today is a 7 — Your mind may be on romance, but it ought to be on business. Let your supervisor have the benefit of your advice, and you might get something nice in return. Your quick thinking, plus your experience, can cinch a good deal.

GEMINI (May 21-June 21) — Today is a 6 — Proceed with caution. The outcome seems positive if you follow through with a plan that's already underway. The worst should be over by now, but life may not feel easy until tomorrow. Trust that it will and get busy.

CANCER (June 22-July 22) — Today is an 8 — A recent windfall could mean money in the bank for you. Move on a real estate investment or a purchase for your home, too. You're in great shape for comparison shopping. You'll remember where the best prices are, down to the penny!

LEO (July 23-Aug. 22) — Today is a 7 — While you're still in such a practical frame of mind, why not go shopping? You're apt to buy books that will help you learn new skills and that could save you more money. If something around your place needs fixing, why not study that?

VIRGO (Aug. 23-Sept. 22) — Today is an 8 — You're forceful, dynamic and darned good-looking! You may even figure out the answer to a problem that's had you stymied. Somebody you befriended in the past could help you with that assignment, without even being asked.

LIBRA (Sept. 23-Oct. 22) — Today is a 7 — Stop worrying and keep sorting and filing. The more you get done, the better you look. Those wrinkles your forehead will be replaced by laugh lines around your mouth. You'll see. Tomorrow should be lots of fun.

SCORPIO (Oct. 23-Nov. 21) — Today is a 7 — You're getting luckier, although it may not be noticeable yet. You're getting smarter, too. You could figure out how to get something for your family, for example, at a price you can afford. Let your friends know what you need, for starters.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 6 — The burden may seem almost too much to bear. You may start to complain to friends and think about making a break for it. Neither one of those is a good idea. Ignore negative thoughts, instead.

CAPRICORN (Dec. 22-Jan. 19) — Today is an 8 — Far horizons beckon, and you might be in the mood to take a risk. You're making too much money to take time off, however. Instead, satisfy your wanderlust with an adventure video tonight or by going out to see the latest movie with an old friend.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 7 — Finish work you've started. Pay attention to the details, too. Something you overlook could come back and bite you later, in the form of added fees or penalties. You're so successful 'cause you're willing to do the research. Today, that could pay, in long-term savings.

PISCES (Feb. 19-March 20) — Today is a 7 — You may find another way to achieve a dream. Having your fantasies turn into reality is always exciting. You might get closer than you thought you would this time. A partner's help is pivotal, so show your appreciation.
