Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Sept. 28). A new and crazy idea you try could work. Do it with an imaginative and creative loved one, and your odds of success are greater. Jot down your plans in October. Figure out how much they'll cost in November. Something you've learned in December could amaze you, but it's about time you found out. You and a loved one could win at a gamble in February. A risk you take in April's less-likely to succeed. June's good for anything creative. Watch out for a reality check next September.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 5 — Let somebody else do the driving, make the decisions and take on the responsibility. You don't need to be in control of this situation. Somebody else can do that quite well, so relax.

TAURUS (April 20-May 20) — Today is a 7 — A lucky break could go in your favor. You may be able to provide what's needed on a moment's notice. Watch for the opportunity by paying attention to your supervisor, teacher or anybody else in a position of authority. Think ahead, and you could earn a reward.

GEMINI (May 21-June 21) — Today is an 8 — Follow through with a project that involves a foreigner, a foreign language or a college class. It should turn out quite well. Also, take a vow to keep your comments to yourself for the next few weeks. Dispense information on a "need to know" basis.

CANCER (June 22-July 22) — Today is a 6 — You should feel better and come up with lots of new ideas. You should communicating with a loved one is easier, too. Sometimes you're stuck for the right words, but that's less-likely to be the case for the next few weeks. Relax.

LEO (July 23-Aug. 22) — Today is a 7 — You may run into difficulties you hadn't predicted, but that's all part of the learning process. Don't stop; keep reading! You'll get better at a new skill with practice, too. You're going from the theoretical to the tangible, and that's sometimes awkward. Don't give up.

VIRGO (Aug. 23-Sept. 22) — Today is a 7 — Worries about money could fade, as you continue to take it in. Don't stop to count it until the game's over, which might not be until this weekend. Finish something you've started, and the rewards may be greater than expected. It's still a lot of work, though.

LIBRA (Sept. 23-Oct. 22) — Today is a 9 — You may have overcome a big obstacle. All you have to do is finish something you've started, and the prize is within your grasp. You might rather play with somebody you love, so even a simple task could seem bothersome. It won't take long.

SCORPIO (Oct. 23-Nov. 21) — Today is a 7 — You're smart and cute. This gives you an advantage, with a rather demanding person. Instead of feeling stressed, act like you know something the other person would find interesting. That may be the case, too. And, the other person may be willing to trade.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is an 8 — You're always interested in learning, and today you could get a good chance. A friend of yours could open the door to a whole new area for you. You ought to keep the discussions to a minimum. Practice, instead.

CAPRICORN (Dec. 22-Jan. 19) — Today is a 7 — Watch for a job that nobody else wants. A friend might let you know about a good one. If you're in business, this may cost you a little, but it's a good investment. If you're an employee, accept less money to start. It could turn into more than you expected.

AQUARIUS (Jan. 20-Feb. 18) — Today is an 8 — If you've already made the commitment, congratulations. If not, it may almost be too late. Hurry, or it could cost you more than you bargained for. Follow through on a done deal. Don't take off in a new direction.

PISCES (Feb. 19-March 20) — Today is a 7 — A tough assignment is just about complete. A crazy idea could work, and another option could become available. Don't lose faith, even if this is costing more than you thought. If you build something that will last, it should appreciate in value.
