### Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Sept. 29). Learn to manage money this year, and you could do quite well. Your intuition should be good, so follow it to wealth. Contact a friend who's far away in October. The advice you get may be old-fashioned, but it should also work. Planning is the key to your success in November. Do the research to get the facts in December. The old ways work best in February, and an old love serves you well. Review a lesson you learned in the past in June and rediscover a treasure you'd forgotten about. A wise woman can help you get rich in July, and a stern critic pushes you to perfection next September.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 4 — If you want to make money, leave it where it is. Don't spend large sums unless you get an awesome interest rate. Be careful about borrowing. Some tricky stuff could be buried in the fine print.

TAURUS (April 20-May 20) — Today is a 7 — Somebody may ask you to give back what you got, but you don't need to do that. Before you return anything that you came by fair and square, ask for a second opinion. An impartial arbitrator is likely to rule in your favor.

GEMINI (May 21-June 21) — Today is a 6 — Ooops. Something that was easy just got harder. Could it be you spent too much time playing earlier this week, and now you have to scramble to catch up? Don't waste time talking! That could get you into worse trouble!

CANCER (June 22-July 22) — Today is an 8 — You look cute. You're attracting the attention of a gorgeous hunk or princess, too. Your intuition should be excellent concerning romance, so full speed ahead! Ignore something about your home that's not the way you want it. You can fix it later.

LEO (July 23-Aug. 22) — Today is a 5 — You should be in the most difficult part of the project. You may even feel like there's no light at the end of the tunnel. That's not true. There's always light at the end, or it wouldn't be a tunnel. Re-

lax. You're doing fine. VIRGO (Aug. 23-Sept. 22) — Today is an 8 — Your ability to focus attention should be awesome. You should study easier ways to make money since that's an important part of your life right now. The opportunities are all around you. Figure out a way to make them take less time and be less work, and your fortune is assured.

LIBRA (Sept. 23-Oct. 22) — Today is a 7 — Is somebody out to get your money? That may be how it feels if you're going through more of it than you realized. Count it to make sure you have as much as you thought. Then, say no to a request that you don't need to grant.

SCORPIO (Oct. 23-Nov. 21) — Today is an 8 — You're strong, decisive and eloquent. You know what you want, and you'll be able to talk others into giving it to you. Your ability to work a deal has never been better. Don't waste a moment. Go after all that stuff on your lists.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 6 — You're a good communicator, and you always tell the truth. You don't always have to tell it, however. Today you're wisest plan is to keep your mouth shut. Don't pass along something you hear in private. Wait to see what develops.

CAPRICORN (Dec. 22-Jan. 19) — Today is an 8 — You and your buddies can have an excellent time. Paint the town, but don't get too wild and reckless. Have lots of fun and maybe even fall in love. Make sure you get home safely, though, with a little pre-play planning.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 7 — You may have to take orders, instead of handing them out. If this is a program you signed up for, don't complain. It'll just take a little getting used to. You're still lucky in love, so talk over any upsets with a loved one. Be flexible.

PISCES (Feb. 19-March 20) — Today is an 8 — Don't take off on your adventure yet. A couple of loose ends need to be tied up first. If you leave now, just know you'll have to take care of these details while you're gone.
