## Horoscope by Linda C. Black

**TODAY'S BIRTHDAY** (Oct. 31). This year you'll learn through experience. Move cautiously in October, or the lesson could come the hard way. There's plenty in December, but it may not last. Hold onto it. Learn how from a master in January. A domestic dream you have in February can come true. Write it down and start planning. Use a stumbling block as a stepping stone in May. Locate the treasure in June. Don't be gone for long in July. Friends help you achieve your objectives in September. To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging. Aries (March 21-April 19) — Today is a 6 — You could be in for a rude awakening, especially if you overdid it last night. An older person isn't interested in excuses. He or she is watching. Your actions speak louder than words, so look sharp! Pretend you're top dog. Taurus (April 20-May 20) — Today is an 8 — You start to feel better, and not a moment too soon. Your confidence improves as the day goes on. Wrap up old business and then celebrate. So what if it's a Tuesday! Be who you've always wanted to be. It could stick!

**GEMINI** (May 21-June 21) — Today is a 5 — Take care. Dipping too far into savings would be a move you'd regret. If something breaks down, you may feel you need to replace it. Take time to shop. It'll make a big difference. If you act in haste, you may regret at your leisure.

**CANCER** (June 22-July 22) — Today is a 7 — You may be ready to make a commitment. First, you need to discuss a couple of things. You're having a hard time bringing them up, but you'd better do it. You don't have much time.

**LEO** (July 23-Aug. 22) — Today is a 6 — You could start out behind if you goofed off yesterday. Don't you hate it when that happens? You'd have no one to blame but yourself, of course, and that's even worse. Hurry and finish old business. A new assignment is coming soon.

**VIRGO** (Aug. 23-Sept. 22) — Today is an 8 —

You could be in an unusually bold mood. You're generally so docile — even shy. Tonight, you may feel more comfortable in a pirate outfit. Take no prisoners! All in good fun, of course.

**LIBRA** (Sept. 23-Oct. 22) — Today is a 6 — Pay attention to details or pay the consequences. For example, if you leave the ice cream sundae dish out overnight, it's liable to be full of ants in the morning. Did that already happen? Bummer!

**SCORPIO** (Oct. 23-Nov. 21) — Today is a 7 — A friend needs help, and you could come up with the winning suggestion. Be careful, though. This could cost more than expected. You provide the idea and even some labor, and let the others pay for the supplies.

**SAGITTARIUS** (Nov. 22-Dec. 21) — Today is a 6 — This is not a good day to ask for a raise, even if you're worth it. The person who signs the paychecks is in a nasty mood. Meet your deadlines and keep your promises, instead. Either that, or apologize for not keeping them.

**CAPRICORN** (Dec. 22-Jan. 19) — Today is a 7 — You could get up on the wrong side of bed this morning. Don't worry. By the time you're partying with friends tonight, everything will be fine. You can fool them, too. Go as the other side of your personality, the one they never knew you had.

**AQUARIUS** (Jan. 20-Feb. 18) — Today is a 7 — You could dress up as what you're afraid might happen. You could be an endangered species, or you could go as the way life could evolve. You could be a great-looking, compassionate, space traveler with magical powers.

**PISCES** (Feb. 19-March 20) — Today is an 8 — Tonight you can be anything, including the fascinating being you are, in your heart of hearts. You heal through loving even those who hate you, and that's an awesome trick. You'll get to practice on an annoying person soon.
