

**Maytag people come in many makes and models.**

Much like Maytag Corporation's wide array of brands and products, Maytag's associates are a diverse group – unified by excellence and performance. The people of Maytag represent a varied assortment of backgrounds, life experiences and perspectives, the better to meet the needs of a complex customer base seeking premium brand products that make life easier, simpler and more convenient.

Maytag people practice a concept we call Intelligent Innovation<sup>SM</sup> – the synthesis of varied analytical, creative and entrepreneurial skills that lead to new, innovative products and product features that benefit consumers and the environment. Learn about opportunities at Maytag in:

- Engineering
- Manufacturing
- R&D
- Information Technology
- Sales/Marketing
- Finance
