

The Internet we think it will catch on

WellMed is the leading provider of online, personal health management tools. We are looking for talented, technical professionals to expand our development staff.

Software Developer

Work with the latest Internet technology to develop our web-based products. This position requires a BS/MS in Computer Science or related field, and experience in web development, C++, JavaScript, HTML, and SQL. Knowledge of Microsoft Internet technology, including IIS, ASP, ATL, and MTS, is a plus.

QA Engineer

Develop and execute test plans for our Internet-based products. This position requires a BS/MS in Computer Science or related field, 2+ years QA experience, and extensive knowledge of Microsoft Internet technology, including NT Server, SQL Server, and IIS. Experience with automated testing tools is a plus.

Web Designer

As part of a development team, design and develop the user-interface for our web-based products. This position requires 2+ years web design experience, extensive knowledge of HTML and web design software - including Photoshop, Illustrator, FrontPage. Multimedia (Flash, Director) and print (Quark, Pagemaker) experience is a plus.

For consideration, please send your cover letter and resume to: WellMed Inc., 520 NW Davis, Suite 300, Portland, OR 97209 (e-mail to jobs@wellmed.com) or fax to 503-416-2575

Principals only. No phone calls, please.
Equal Opportunity Employer.

ONSITE
COMPANIES

*Committed To
Your Success!*

Onsite Companies is looking for dynamic individuals who want to join a young, growing company full of opportunities. You can become an active member of a team of dedicated salespeople and recruiters who provide staffing solutions to hundreds of companies across the nation.

These are full-time, internal, salaried positions with full benefits including a 401(k) company matched retirement savings plan. We also provide one paid week of hands-on training at a local office and one week of formal training in Baltimore, Maryland where you will learn the skills you need for success. As you grow into top sales and management positions we'll provide training and support all the way.

Onsite is a successful leader in the staffing industry. We promote from within and truly want to see people succeed. Talk to us to see why thousands of people have chosen Onsite.

Map a strategy for success

Students can also participate in a joint degree program (JD/MBA) with Willamette University's College of Law. This dual degree creates students who understand the intricacies of the law and are also skilled managers.

BE READY WITH AN MBA DEGREE FROM WILLAMETTE UNIVERSITY

Mapping a strategy for success in today's world requires practical and visionary leadership. An education from Willamette University's Atkinson Graduate School of Management prepares students to be both leaders and innovators.

The Atkinson School's MBA for Business, Government and Not-For-Profit Management is the only MBA program in the country accredited for both business and public administration. This means greater opportunities for students to choose a route that will take them as far as they want to go.

In addition, the Atkinson School PaCE Project (where teams of students create and operate a real business), class consulting projects and internships provide students the opportunity to build the work experience valued by employers.

Areas of interest include accounting, finance, general management, human resources, information technology, international management, marketing, organizational analysis, public management and quantitative analysis. Merit based scholarships are available.

Apply to the Atkinson Graduate School of Management and find your way to your goals.
