

We're
PROUD
of the
COMPANY
we keep.

If you've ever ordered from one of our premier catalogues — *Harry and David*, *Jackson & Perkins*, *Northwest Express* — or from our award-winning website or visited one of our unique retail stores, you already know that our products are top quality and our customer service is ... well ... impressive.

But what you may not know is this: We have big plans for the future. We're embarking on an aggressive, strategic growth plan that is unprecedented. But we can't make it happen without our people ... the very backbone of our organization and the secret of our success.

Bear Creek can offer you a great career in an unbeatable lifestyle found only in the Rogue Valley of Southern Oregon, with some of the country's most attractive cultural and recreational resources.

If you are interested in learning about our Executive Development or Internship programs, please stop by our booth on Wednesday, November 15, 2000. We will be conducting **On Campus Interviews, Thursday, November 16, 2000.**

Dear Bravo Marketing,
I can't stop thinking about you...

It's been a few days since we met, and all I can think about is how much I want to be around you and absorb your creativity, intelligence and positive energy. I hope we can build a future together. I'm ready to make that kind of commitment to you.

With undying devotion,

Craig

We Cultivate Champions!

Rogue Wave Software, Inc., the leading provider of software solutions for building high performance, distributed enterprise and Internet applications ...

... is looking for world class computer scientists to join its highly respected Software Support Team in Corvallis, OR.

If you have what it takes to communicate complex ideas, algorithms, and programming solutions to developer clients, then Rogue Wave wants to meet you and talk about being a Software Support Engineer.

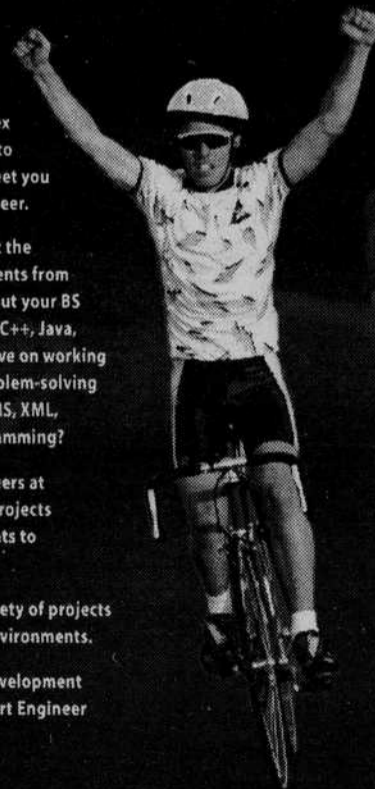

If you are effective at working in teams to meet the diverse programming and support needs of clients from around the world, then talk with us. Tell us about your BS or MS in Computer Science, your knowledge of C++, Java, and object-oriented programming. Do you thrive on working with new technology? Do you have strong problem-solving and analysis skills? An understanding of RDBMS, XML, distributed systems and multi-threaded programming?

Do you want more? Software Support Engineers at Rogue Wave get immediate satisfaction from projects because they work closely with developer clients to solve extreme technical challenges.

You won't be bored — you will work on a variety of projects helping real-world customers in production environments.

Your career won't stand still. The path to Development and Consulting makes being a Software Support Engineer at Rogue Wave a winning choice.

Join our team of champions!

Software Support Engineer

Interview with us on campus, visit our booth, or send a resume and cover letter noting the Software Support Engineer position to:
