Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Jan. 11). Stick to your budget, and a potential problem becomes a blessing. Search for buried treasure in January. Gather the riches around February. Follow a loved one's hunch in March. A combination of luck and experience leads to victory in May. Stick to the routine and crank out the work in June. A good partner's your inspiration in July. Leave your savings alone until August. A loved one may need your help then. Cut vacation expenses by staying with friends in November. Clean closets and find an old prize in December.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is an 8 — Don't promise more than you can deliver. It's difficult since you want to do more than you can. Of course, sometimes you're able to make it all happen. You may be convinced you have superhuman powers. Today you're mortal.

TAURUS (April 20-May 20) — Today is a 6 — There's plenty to think about, so take your time. Don't get bogged down in details. If you keep the big picture in mind, it'll be easier to see where the money should be spent. And, of course, where it should't.

GEMINI (May 21-June 21) — Today is a 7 — Think carefully about what you say. It takes discipline to monitor your own output, but it's possible. A Gemini who can do it is a joy indeed. Just think about the effect your words will have on others before you say them.

CANCER (June 22-July 22) — Today is a 6 — Everybody wants your money, but you need to stay in control. Don't fall for their sad stories, either. Do your own checking up to find out what's going on behind the scenes. Your intuition should work well, so use it, too.

LEO (July 23-Aug. 22) — Today is a 7 — Don't hurry to make a decision, especially if you're taking on more responsibility. You have time to think. Do that before, rather than after, you've signed the agreement. Talk with somebody who has more experience, too.
