

**You'll look so busy
you'll probably get promoted.**

(More free e-cards than you can send in a 60-hour work week.)

We'd like to help you get ahead. So we suggest you put in long hours at your computer sending free e-cards. It's a great way to keep in touch with friends and family. And if anyone catches you, tell them you're looking for a meeting announcement. They'll think you're a real go-getter!!
