may have had to do with Chris Christoffersen. "The Great Dane" had been a spark in the past few games, but only played four minutes Sunday because of a jammed thumb he suffered in practice Saturday.

The win completed the Sun Devils' sweep of the Oregon schools, after they had been 0-7 in the Pac-10.

"Our team was focused," Arizona State coach Rob Evans said. "We're gathering confidence."

Arizona State moved out of the Pac-10's cellar heading into the conference's midway point. The Sun Devils are now tied with Oregon State for eighth in the conference.

On the other side of the ball,

Oregon's hopes for a trip to the NCAA Tournament took a blow after the blowout.

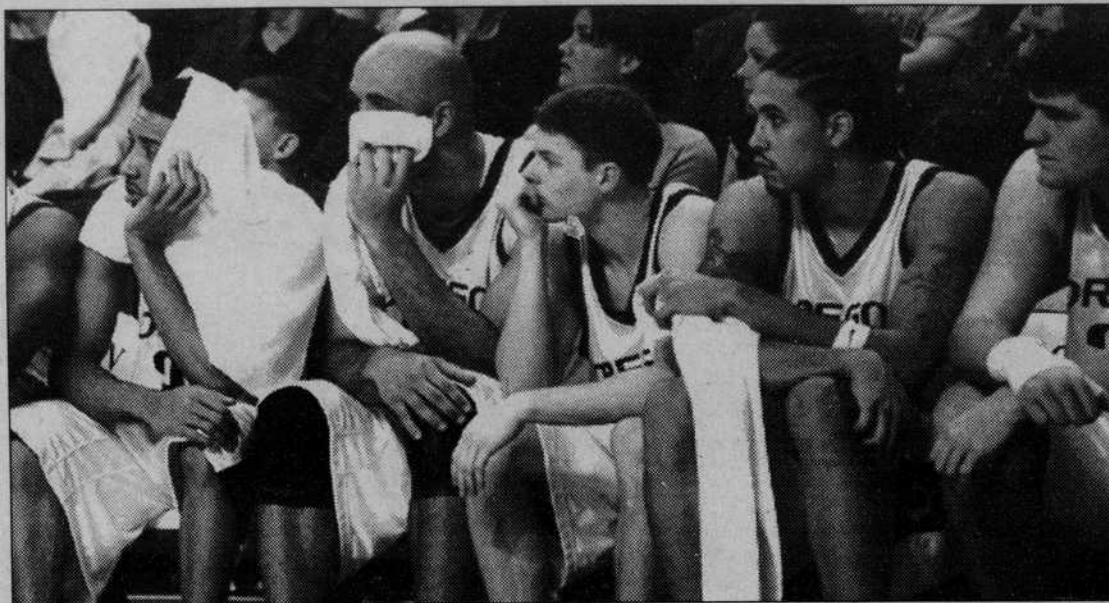

"We took a step backwards," Kent said.

After Thursday's win, which Kent called a "breakthrough game," the Ducks thought the momentum of their season had shifted. Now, it seems, Oregon will need a strong second half to make the Big Dance.

"We've just got to come together as a team," Oregon guard Freddie Jones said.

The Ducks held on to fifth place in the Pac-10 after the weekend's action, but slipped three games behind California and Southern California, both 6-3 in the conference.

Oregon will host Stanford and California this weekend, before traveling to the Washington schools the following week.

Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Feb. 5). Work is your bane and your boon this year. You're paying dues since the experience you gain is more valuable than the money you earn. By February you should have the job scoped out. In March you're apt to make communication mistakes. Be careful. You may achieve a new level of understanding in April and possibly a new relationship. In May you win by knowing the rules. In June you can afford to be more lax. Make sure you're on the right path in July. Plan a romantic trip for two in October. Push your career in November. Friends surprise you in December, and you love it.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 6 — Put off launching a new project. Success will come more easily if you do more research and get more rest before you begin.

TAURUS (April 20-May 20) — Today is a 7 — To access big money, you must get the job to match your talent and develop the talent to do the job. Give it one more try.

GEMINI (May 21-June 21) — Today is a 5 — The good news is the money's coming in. The bad news is you don't have enough in savings. Make saving your top priority.

CANCER (June 22-July 22) — Today is a 7 — A change in your work situation could give you more responsibility. This is no accident. You've been the kind of person who should have more responsibility. Relax and enjoy it.

LEO (July 23-Aug. 22) — Today is a 6 — There's apt to be confusion concerning money you share with somebody else. Decide how you want to handle it before you discuss it with the other person. You look smarter and more in control. You love that.

VIRGO (Aug. 23-Sept. 22) — Today is a 7 — No matter how bad you've had it, you know others have it worse. Get involved. Not only can you help them feel better, they can help you feel better, too.

LIBRA (Sept. 23-Oct. 22) — Today is a 5 — You want to stay home and play with your sweetheart, but you're expected somewhere else. You could be tested. Watch out for trick questions. And get there on time.

SCORPIO (Oct. 23-Nov. 21) — Today is a 7 — People depend on you, so getting away is not easy. Your sweetheart may not be able to drop everything, either. Be patient until you can book a cabin on that luxury cruise ship.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 6 — You're trying, but can you figure things out in time? A risk based on faith might require praying rather than reasoned planning. Maybe you should do both.

CAPRICORN (Dec. 22-Jan. 19) — Today is a 6 — Hold on to your life savings. Only back a dream if you've known the other person for a long time and if you participate in the development. In other words, only back a dream if it's your own.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 6 — You might be taking the wrong approach to a problem at work. You need compassion, not computation. It's an emotional problem, not a mental or mechanical one.

PISCES (Feb. 19-March 20) — Today is a 7 — Think things over carefully before you speak, but don't get too critical. You may feel you didn't do something right, but the people who matter the most didn't notice. Don't worry about it.
