on track soon. The Ducks have averaged 63.3 points over their past three games, after they averaged 76.9 in eight Pac-10 games prior to the losing streak.

Oregon has shot a combined 39.1 percent from the field over the past three games, well below its season average of 45.9 percent.

The biggest blow may be from behind the three-point line. The Ducks have shot threes at a 28.2 percent clip over the past three games, dragging their season average down to 34.4 percent.

On the flip side, Oregon has played tough defense recently. Besides its slip-up against Arizona State, Kent said, the team has played better defense than when it started the season.

Kent said the road may actually be a good place to get back the basketball skills that have evaded the Ducks recently.

"It's good that we can get by ourselves and figure some things out," Kent said. "Sometimes our mental focus can come back to us when we get out on the road."

The Washington State team Oregon plays tonight will be different

suspended for the Cougars' game in Oregon after they broke curfew and went to a Eugene bar the night before the game. All those players will be suited up against the Ducks tonight.

Notably missing will be senior Eddie Miller, who was kicked off the team after he supposedly led the band of Cougar players — many of them under 21 — to the bar. Miller had been one of WSU's leading scorers.

The Cougars home court may be a tougher place to play than the Ducks expect. Oregon won at Friel Court in Pullman last season, 81-80, in overtime. Two seasons ago, the Ducks won, 87-83, in triple overtime. This season, WSU is a surprising 7-2 on its home floor, and is looking forward to three more home conference games after taking on the Oregon schools.

than the one the Ducks faced in Eugene earlier this season. WSU junior Framacio Little, sophomores Nick Graham, Jerry McNair and Kendall Minor, along with freshman E.J. Harris, were

Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Feb. 15). Your friends are your joy and inspiration. Together you accomplish the impossible, and it's fun. Set an agenda in February, starting with an incomplete project. By April you know what you need to learn, so learning it is easy. The rules must be applied in May to make sure you're grounded in reality. In June, let fantasy take control. With the one you love, dreams can come true. You're inspired in July, and you're on the right path. August is a good time to double-check that all systems are functioning properly. Contact a foreigner for good advice in September. You and your teammates should push for completion in December. The impossible took a while, but it's accomplished by January. To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is an 8 — This is a great day to travel, start a new class, hang out with friends, fall in love, or all of the above. It's not a good day to work. You'll be more in the mood for that over the weekend. Better yet, try to get the rest of the week and the weekend off. It can't hurt to ask.

TAURUS (April 20-May 20) — Today is a 5 — This is a pretty good day to ask for a raise, or to find out whether you qualify for additional benefits. You're a pretty shrewd investor, so maybe you could get these rewards yourself. It's OK to do that, you know.

GEMINI (May 21-June 21) — Today is an 8 — You're lucky today, although others may appear to be in control. Actually, you're letting them do that. They're providing what you need, you're steering, and they're doing all the work. That's how it should be.

CANCER (June 22-July 22) — Today is a 6 — You're doing the work but never have a penny to spare. That's because you keep shoving every extra penny into your savings account. There's nothing nicer than a big fat IRA, is there? If you don't have one yet, you soon will.

LEO (July 23-Aug. 22) — Today is a 9 —

You're in love, and you don't care who knows it. You're ready to make a commitment, and it's a great day for that — but only if you've known this person for more than two weeks.

VIRGO (Aug. 23-Sept. 22) — Today is a 4 — Things should finally be running smoothly at work. But you're exhausted, so you should think about spending time at home. Ask for some time off.

LIBRA (Sept. 23-Oct. 22) — Today is a 10 — You're a great teacher, and several others are starting to realize this. Graciously accept their compliments. You don't have to demand respect; you've earned it.

SCORPIO (Oct. 23-Nov. 21) — Today is a 5 — You know that really neat thing you've wanted for your home but couldn't afford? Count your pennies again. With a little wheeling and dealing, it'll be worth the effort.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 9 — You're so cute today, you're sure to draw a lot of attention. You're witty and have a great sense of humor. Where does this stuff come from, anyway? Make the most of it.

CAPRICORN (Dec. 22-Jan. 19) — Today is a 6 — A household project you've been planning could finally come to fruition, whether it's buying living-room furniture or buying a new house. It may require work, but you're willing to do what it takes to get what you want.

AQUARIUS (Jan. 20-Feb. 18) — Today is an 8 — You're pretty smart, but you don't have to figure everything out by yourself. Get your friends to help, and a project will begin to look like fun.

PISCES (Feb. 19-March 20) — Today is a 6 — You may have an opportunity for success, and you could reach the next level. Take on more responsibility and get more money. Your inner voice will tell you how to boldly move forward. Heed it.
