

Ballot Measures

#1

OSPIRG

Question:

Shall student incidental fees be allocated to OSPIRG (the Oregon Student Public Interest Research Group) at an approximate rate of \$2.88 per student term for a total of \$144,426 for the 2001-2002 school year?

Explanation

Students currently fund OSPIRG at an approximate rate of \$2.88 per student per term for a total of \$128,000. OSPIRG is a statewide, student-directed and funded organization that hires researchers, attorneys, organizers and other staff to run statewide campaigns on public interest issues such as environmental and consumer protection, higher education and government reform.

#2

Multicultural Center*

Question:

Should student incidental fees be increased by approximately \$0.37 per student per term for a total of \$18,555.87 to establish a cultural programming fund to support the efforts of campus organizations at the University of Oregon?

Explanation:

Currently, the overall budget for the MCC is \$70,349, which is \$1.40 per student per term. This allocation would raise the budget to \$88,904.87.

Background:

The Multicultural Center is committed to supporting various unions and organizations that

support the mission of diversity. This cultural programming fund would support unions and organizations that provide diverse speakers, events, and educational programs open and free to all students.

**This ballot measure may or may not be on the ballot pending a UO Constitution Court decision to accept it.*
