

SHOWING OFF Silly STYLE

PHOTO ESSAY BY LAURA SMIT

George Livesley has owned this 1960 Coupé de Ville pink Cadillac since 1999. Livesley says he has always been fascinated by old cars such as this, which has light paint factory color, leather seats and the original wheels.

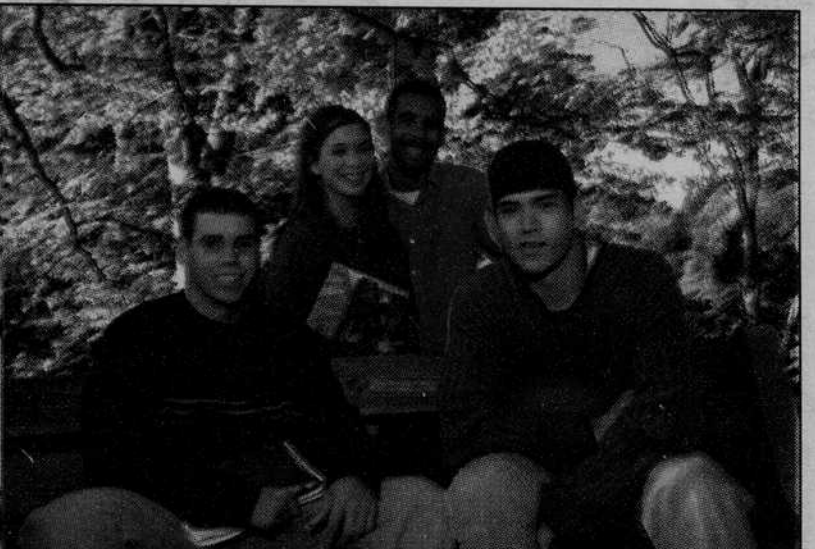

Kevin Lipps owns Eugene's well-known Tiki Bug. The car enthusiast said he enjoys working on his old Volkswagen and has begun work on another car recently which is covered with sand.

George Livesley bought this 1955 Coupé de Ville pink Cadillac in July of last year. He said it's fun to fix up old cars though he acknowledged it often costs a lot of money.

A front view of the Tiki Bug reveals crazy decorations like plastic lizards, straw hula skirts, and not to mention a colorful paint job.

Don't miss the bus.

higher education rally

Come show your support for higher education in Oregon.
Join the administration, faculty, classified employees (OPEU), alumni & other students from across the state!
