YES WE'RE OPEN

Horoscope by Linda C. Black

TODAY'S BIRTHDAY (May 2). With your own true love, the words come easy. Together you can overcome, persevere and triumph. Look forward to your victory in May. Find more ways to save in June. Ace your classes in July. Talk about the future in September. Recommit in November. Add to your stash in December. To make romance flourish, heed loved ones' advice in February and April.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 6 — Plans for tonight are postponed due to new chores on your list. In one way you're better off. In another way, worse. Delaying gratification is no fun now, but it'll be much better then. Don't schedule a date for tomorrow night, either. Put in extra work instead.

TAURUS (April 20-May 20) — Today is an 8 — Can you think of a way to leave worries behind and lock most of the world outside? You and your sweetheart have important things to discuss. You'll need plenty of time, especially if finances are on the agenda. Find the time.

GEMINI (May 21-June 21) — Today is a 6 — You usually speak for the group because you know just what to say. This time, you may be stuck. Relax. Your subconscious mind needs a little more time, that's all. Be patient. The ideas are forming.

CANCER (June 22-July 22) — Today is a 7 — Every time you turn around there's something new to learn. Some new detail needs your attention — something to add to your lists. If you weren't organized before, you soon will be. It's required.

LEO (July 23-Aug. 22) — Today is a 5 — It's still hard to keep your mind on work, but that's exactly what you should be doing. Your sweetheart may not understand now, but the extra money in your pockets will be fun to play with later — on Friday night and Saturday, to be specific.

VIRGO (Aug. 23-Sept. 22) — Today is a 7 — Stuck in a rut? Not getting paid what you're

worth? Ready to make a few changes? The answer is nearby, but hidden. It's behind something you think you can't do without. Toss that, and voila! This should occur naturally by Friday.

LIBRA (Sept. 23-Oct. 22) — Today is a 6 — Postpone travel for another day or two. Friday and Saturday will be much better. Your plans may change two or three times between now and then, anyway. No problem. You're still making up your mind, that's all.

SCORPIO (Oct. 23-Nov. 21) — Today is a 7 — Friends come up with a lot of good suggestions, but don't just do what they say. They can't understand all the possible consequences. If you suspect there are a few things that need further investigation, get busy.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 5 — Somebody is putting a lid on your creativity. Don't despair. It's all for the best. You're imaginative, intelligent and may even have psychic powers. You have a tendency to overlook little details, though. Like gravity, for example. Go through your checklists one more time.

CAPRICORN (Dec. 22-Jan. 19) — Today is an 8 — You'd love to ditch your responsibilities and get out of town to run, play and let the wind mess up your hair. The odds are against that happening, but if you get the chance, scoot! Get back before your keepers notice you're missing.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 4 — Do you know exactly how much you're worth? Not spiritually or by adding up the value of your body parts, but what you have in the bank and in your IRA. What have you saved and what do you owe? Find out.

PISCES (Feb. 19-March 20) — Today is a 7 — You know there's something you're meant to do in life. There's a grand plan, of which you're an important part. But what the heck is it? Today, the process of elimination will help you find out.
