## Horoscope by Linda C. Black

**TODAY'S BIRTHDAY** (May 29). You're ready for a change this year. You've outgrown your old status quo. Relocate, if necessary, to make a dream come true. Don't despair if it still takes a while for this dream to fully materialize. Get yourself headed up the right mountain, and commence the hike.  
 To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.  
**ARIES** (March 21-April 19) — Today is a 6 — Now you're getting into the tough part. No more flashy presentations or dazzling rhetoric. The arguments are over, and you've made the sale. Now, you get to make the product. This takes more than you thought it would. Are you up to the challenge? (Just say yes!)  
**TAURUS** (April 20-May 20) — Today is a 6 — Your sweetheart or your child is running into problems. He or she keeps finding windows of opportunity that are nailed shut. You're one of the few who can help. Not only do you understand, but you also have a hammer.  
**GEMINI** (May 21-June 21) — Today is a 7 — Ease off on the throttle. Time to chill out for a while. The coming phase is more difficult. Something you try today or tomorrow will not work, so be ready with a Plan B, a Plan C and as many alternative plans as it takes.  
**CANCER** (June 22-July 22) — Today is a 6 — You're getting stronger, and with good reason. You've been facing things that scared you, and they haven't gotten you yet. You've found a friend who can help. Together, you can put some of those fears to rest — permanently.  
**LEO** (July 23-Aug. 22) — Today is a 7 — Settle down, and don't get too extravagant. You'd like to buy something the group needs, but you can't afford it. Your sweetheart would pinch a fit if you did, anyway. Instead of funding the venture, suggest a fund-raiser.  
**VIRGO** (Aug. 23-Sept. 22) — Today is a 6 — Things may come to a grinding halt, on your

recommendation. If you can tell that something isn't going right, shut it down. Some of the others may not have realized how much power you have. Now they know.  
**LIBRA** (Sept. 23-Oct. 22) — Today is a 7 — Curtail your activities for the next few days. This will happen anyway, so you might as well do it on purpose. Postpone travel, parties, dates, etc., until Thursday or Friday. You might want to ask to get Friday off. Thursday, too.  
**SCORPIO** (Oct. 23-Nov. 21) — Today is a 6 — It's time you had a little time for yourselves. Even galley slaves get a break now and then, don't they? Well, maybe not, but you can squeeze in time for a lunch date with friends, can't you?  
**SAGITTARIUS** (Nov. 22-Dec. 21) — Today is a 6 — Oops. Time to pull over and explain what you've been doing. If you've been going too fast, for example, you may get to explain that to an authority figure — one with a badge. Don't try to get away with anything today. Be cool!  
**CAPRICORN** (Dec. 22-Jan. 19) — Today is a 5 — Your recent frugality pays off. You're not fighting this battle alone anymore. New information helps you figure out what's working and what's not. It's worthwhile to ask the experts.  
**AQUARIUS** (Jan. 20-Feb. 18) — Today is a 7 — You've been having a lot of fun lately. Now it's time to get practical. If you've recently formed a new partnership, what are your resources? Compiling them may be more difficult than you expected. Be patient, and the truth will come out.  
**PISCES** (Feb. 19-March 20) — Today is a 5 — A friend is asking tough questions and stirring things up. If you two work together, you can get some of the changes you've been hoping for. Be ready to move quickly.
