Horoscope by Linda C. Black

TODAY'S BIRTHDAY (June 8). There will be times this year when your best friend may seem like your worst enemy. That's because the two of you don't pull many punches. You'll have to learn to compromise in order to achieve the goal you've set. Don't be inhibited by past experience. Use it — along with your luck, charm and wit — to achieve safety and security. To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) — Today is a 6 — You may feel oppressed by an authority figure you regard as a jerk. Don't reveal how you feel, or even continue to harbor those thoughts. This person is motivating you to upgrade your skills. The worse he or she is, the more you'll be inspired to practice.

TAURUS (April 20-May 20) — Today is an 8 — How are your foreign-language skills? Do you have any? If not, it's to your advantage to get some — your financial advantage, that is. Knowing another language opens up all kinds of new markets, and that means more money in your pocket.

GEMINI (May 21-June 21) — Today is a 6 — Your future income is linked to how you distribute your money now. For example, buy only the highest quality so it will last longer. Shop around for the lowest interest rate for any debts you have. A little time spent now can make a big difference.

CANCER (June 22-July 22) — Today is a 7 — Don't try to explain what's been going on. It's too complex for words. Instead, relax with friends in a place where few words are needed. Tune in the soft classical music at work, and then smooth jazz with dinner. Tune out the worries.

LEO (July 23-Aug. 22) — Today is a 6 — Don't complain; nobody's listening. Besides, you're task isn't anything you can't handle. Keep going back to your vision of how you want things to be. You're just making the transition into reality, and that can be awkward.

VIRGO (Aug. 23-Sept. 22) — Today is an 8 — Your luck has changed for the better. So has your attitude, most likely. You may still have a

few dummies to deal with. They haven't transformed; you have. Let them learn from your example. Enjoy!

LIBRA (Sept. 23-Oct 22) — Today is a 6 — Your mind is still going a mile a minute, but your body is having trouble keeping up. If you don't slow the social pace, you'll get sick. Turn down a date for tonight so that you'll have the energy for a really special engagement tomorrow.

SCORPIO (Oct. 23-Nov. 21) — Today is a 7 — Somebody you know well and trust is on your side. This person helps you keep moving when you're confused. Not that you'd ever let on that you were confused, of course. But if it did happen, this person would give you a sign. Watch for it.

SAGITTARIUS (Nov. 22-Dec. 21) — Today is a 6 — A fool and his (or her) money are soon parted. Remember that if a smooth-talking salesperson is after your hard-earned cash. Don't be tricked into buying something you don't need. Tell this person you'll get back to them later. Much later.

CAPRICORN (Dec. 22-Jan. 19) — Today is a 7 — You've still got a mess to clean up, but you know somebody loves you, and that helps a lot. Not with the mess, unfortunately — you'll still have to handle that on your own. Just knowing somebody cares is inspiring. Get together as soon as you can. The mess can wait.

AQUARIUS (Jan. 20-Feb. 18) — Today is a 7 — That nagging doubt in the back of your mind deserves consideration. Quiet down so you can hear what you're saying. If you have big plans brewing for the weekend, this may be something you've overlooked. If you don't have big plans brewing, you should!

PISCES (Feb. 19-March 20) — Today is a 7 — Your enthusiasm is high, but it's still hard to get your message across. If the person you're trying to teach isn't listening, wait. Show this person what you mean by offering an example. It will be more effective than mere words.
