**TODAY'S BIRTHDAY** (July 12). You're learning about authority figures this year — how to get along with them and how to be a good one. Part of learning to lead involves learning to serve. That's the part you're involved with now. You'll notice yourself getting stronger, not weaker, if you're doing it right. Keep practicing. This is how you climb the mountain.  
To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.  
**ARIES** (March 21-April 19) — Today is a 6 — You're attractive, intelligent, decisive. You make things happen. If you ruled the world for a day, what would you do? It's a test. Here are some clues: Always put family first, always come from love, and do unto others as you would have them do unto you.  
**TAURUS** (April 20-May 20) — Today is a 6 — It seems as if everybody wants everything done yesterday. You always plan ahead, so why don't they? If they'd brought the work on Monday, it would be done by now. If you think this is bad, wait until tomorrow. Stay cool.  
**GEMINI** (May 21-June 21) — Today is an 8 — You should be in a boisterous mood, cheerful and outgoing. You're popular, and you're attracting quite a crowd of friends. It's a good idea to go out for lunch, and maybe for dinner, too. But don't let your social life keep you from the work that pays the bills. It could lead to a rude awakening tomorrow.  
**CANCER** (June 22-July 22) — Today is a 5 — You may have to spend a lot of time standing at attention, so look sharp and keep most of your thoughts to yourself. The boss (or general) may ask for your opinion. If so, be honest. You can tell the truth, but you don't have to tell all of it.  
**LEO** (July 23-Aug. 22) — Today is an 8 — Watch out! Your enthusiasm is liable to be ignited again. You're off and running on a new adventure. Love and foreign shores beckon, though not necessarily in that order. Don't know where you'll find the money? Worry about that later. Make the commitment first, and not just to yourself.  
**VIRGO** (Aug. 23-Sept. 22) — Today is a 6 —

Run the numbers and see where you stand. Also do it for your partner, the boss and whoever else asks. The game's been so entrancing, you haven't had time to keep score. If anybody can figure out who's winning, it's you.  
**LIBRA** (Sept. 23-Oct. 22) — Today is an 8 — Your heart's apt to flutter when you get a glance from a gorgeous admirer. You're looking pretty good, too, so you're attracting attention. Be careful, because the boss is watching, and he's worrying about money.  
**SCORPIO** (Oct. 23-Nov. 21) — Today is a 5 — Put personal matters on the back burner, because business demands more attention. Leave your money locked away, and hold off on travel. If you can focus on the task at hand through the end of the week, you'll make the greatest profit.  
**SAGITTARIUS** (Nov. 22-Dec. 21) — Today is an 8 — Your sweetheart's suggestion could spur you to take action. This is about something you've long contemplated but were afraid to try. Maybe you were afraid for a good reason, but things have changed. Don't let old fears stop you now.  
**CAPRICORN** (Dec. 22-Jan. 19) — Today is a 6 — Finish up the project you're working on as quickly as you can. You're about to come up with a new idea. It might involve your home or family instead of your workplace. You should soon be able to afford to fix the place up a little. Start planning.  
**AQUARIUS** (Jan. 20-Feb. 18) — Today is a 7 — How's life in the fast lane? Luckily you're smart. You won't have much time to review your notes. You'd better have them memorized. The pace is hectic, but you can finally make that romantic connection. This time, don't just talk about dreams you'd like to share. Do the math.  
**PISCES** (Feb. 19-March 20) — Today is a 6 — You might improve your financial situation soon. This is not going to require more work. In fact, you might do less work and make more.
