The McNair Scholars Program prepares scholars. Key to that preparation is the Research Symposium, which provides a forum for undergraduate researchers to present the results of their research publicly and take complete ownership of their work as they deepen their involvement in the world of ideas.

The Program has two broad purposes: to encourage undergraduate students who meet the eligibility criteria to pursue graduate education culminating in doctoral-level (Ph.D.) degrees to prepare those students for the challenges and the academic culture of graduate school.

**ROD SLOWLY MAKES HIS MOVE, INTERPRETING THE RESULTS EVERY STEP OF THE WAY**

**Horoscope by Linda C. Black**

**TODAY'S BIRTHDAY** (Aug. 2). This year is about paying dues. You have dreams about love, abundance and making the best use of your natural talents. Are these visions going to stay in your head? Will you live to see them happen? It's up to you. These things will not be handed to you on a silver platter. Nothing worth having ever is.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

**ARIES** (March 21-April 19) — Today is a 7 — Continue to maintain your decorum. That means you have to stand at attention for as long as the inspection takes. This could mean a promotion, so don't slump. Don't be cocky, either. Only speak when spoken to, and say "Sir" or "Ma'am." They'll love it.

**TAURUS** (April 20-May 20) — Today is a 7 — You have some decisions to make, but there are a lot of variables still to consider. Should you spend or save? How much? Should you stay or go? How far? Should you push to be in the spotlight or stay home with the people you love? No need to hurry or worry.

**GEMINI** (May 21-June 21) — Today is a 6 — You'll be turned down a few more times today. So, naturally, you don't want to ask the key questions or beg for the really big favors. Toss out a few suggestions you don't care much about, but act like you care. It's all part of the negotiations.

**CANCER** (June 22-July 22) — Today is a 7 — If you're worried about money, put more of it into savings. That always makes you feel better, even if you don't have as much to play with. Don't gamble with those savings, though.

**LEO** (July 23-Aug. 22) — Today is a 6 — You have a great idea you're eager to try. Don't commit too much money to it yet. Run it by your review board first. That includes your friend, the mechanical wizard. You might also want to ask the old coworker who's been around for years. Odds are that modifications will be required. Better to find out sooner than later.

**VIRGO** (Aug. 23-Sept. 22) — Today is a 7 —

Make sure you get the instructions right before you do a tough job. You don't want to have to do it over. Make sure you get the directions right before running an errand to an unfamiliar part of town. Otherwise, looks like a fun day.

**LIBRA** (Sept. 23-Oct 22) — Today is a 6 — There's a difference of opinion with the folks who are telling you what to do. One says "jump," the other says "sit still." Luckily you have other sources of information. Do the reading and make up your own mind. It's risky, but eventually it will be more satisfying that way.

**SCORPIO** (Oct. 23-Nov. 21) — Today is a 7 — Working overtime again? That won't go over well with the folks waiting for you at home. You have domestic responsibilities, too. Don't let the people you work for know that? Or are they paying you extra? Make sure they do.

**SAGITTARIUS** (Nov. 22-Dec. 21) — Today is a 7 — Your fantasies require a little work. Don't leave them in your head. Dust them off. If you do a little extra reading, you could make at least one of them come true. Yes, this will mean you'll have to come up with another fantasy. How tough can that be?

**CAPRICORN** (Dec. 22-Jan. 19) — Today is a 7 — Your routine should be going pretty well, but don't get lazy. Don't assume the results will be the same as they've always been. There are tiny variables over which you have no control. That's where the magic comes in.

**AQUARIUS** (Jan. 20-Feb. 18) — Today is a 5 — The more you get done, the better you'll feel. Trouble is, you may not feel like doing anything. Your partner's not much help, either. Tomorrow you'll be stronger. Put off as much as you can until then.

**PISCES** (Feb. 19-March 20) — Today is an 8 — Your exercise in setting priorities continues. Scheduling may be one of your least favorite things to do, but it sure can be a good skill to have. A friend will be happy to teach you. Set it up so that you win a neat prize if you play the game right.
