**Horoscope by Linda C. Black**

**TODAY'S BIRTHDAY** (Oct. 1). Take on a project this year that's bigger than you can manage all by yourself. Why set limits on your imagination? You just need to partner with someone who can help - someone who'll keep you inspired and help you make tough decisions. If you don't already have someone in mind, pay attention. He or she is out there, just waiting for your call.  
 To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.  
**ARIES** (March 21-April 19) - Today is a 6 - Complications in your private life may have you troubled. You want to work things out but don't know what to say. Raising the volume won't help you get your message across. Be patient and listen.  
**TAURUS** (April 20-May 20) - Today is a 7 - Concerns about your savings fade as you discover a new option. It may be a way to get what you're looking for wholesale. Read those catalogs you've been saving. If you're traveling or sending out an order, don't wait. Earlier is better.  
**GEMINI** (May 21-June 21) - Today is a 6 - You may feel stalled. Mercury, your ruling planet, is about to go retrograde. The good news is that it's in Libra, so while you may not get far in the next few weeks, going backwards could be romantic.  
**CANCER** (June 22-July 22) - Today is an 8 - An issue you thought was resolved needs more discussion. There are a few more details to be scrutinized, a few more wrinkles to be ironed out.  
**LEO** (July 23-Aug. 22) - Today is a 6 - Don't make a date. Instead, focus on business for a while. If you can close a deal, you'll be more relaxed later. It'll also be easier now than later. If your sweetheart is upset, take home chocolate.

**VIRGO** (Aug. 23-Sept. 22) - Today is a 7 - Is your partner full of helpful suggestions about how you should live your life? If so, listen and take notes. Everybody likes to feel appreciated. Besides, you could get some good ideas, and you'll make a great impression.  
**LIBRA** (Sept. 23-Oct. 23) - Today is a 6 - The answer that eluded you yesterday could show up soon. Don't let your ideas about what it should look like keep you from seeing it. Keep an open mind.  
**SCORPIO** (Oct. 23-Nov. 21) - Today is a 7 - It may be a while before reality sinks in. You may not immediately realize there's work to be done and you're the one who has to do it. Actually, it may be tomorrow.  
**SAGITTARIUS** (Nov. 22-Dec. 21) - Today is a 6 - Don't push anybody who's older than you are or who's in a position of authority. They won't want to hear your suggestions. It's not that your idea isn't good; it's that they want to think of it by themselves.  
**CAPRICORN** (Dec. 22-Jan. 19) - Today is a 7 - If at first you don't succeed in getting your message across, try again. If you're expressing something important and personal, you're more likely to get through on the second try. You never give up in business. Same goes for romance.  
**AQUARIUS** (Jan. 20-Feb. 18) - Today is a 7 - You're in the mood to cut costs, so go through your budget again. You're paying for things you don't need just because you always have. Isn't there another way you'd like to use that money?  
**PISCES** (Feb. 19-March 20) - Today is a 6 - Consult friends early in order to rearrange your schedule. Something you had planned earlier won't work. Also check with your mate when setting your agenda, then stay flexible.
