Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Nov. 14). It may take an investment and some more education, but you can make a dream come true. Most favored fantasies involve travel, publications or higher education. Focus on what you'd love to make happen. Opportunities will pop up all year long. Be ready to pounce on them!

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) - Today is a 4 - You and your friends could be frustrated. Your forward motion is blocked. You can't yet do what you have in mind. A great deal of planning is required to carry off a grand scheme.

TAURUS (April 20-May 20) - Today is a 6 - This is not a good time to ask for a raise, a favor from the judge or a day off. Your boss, teacher or local police officer will not be feeling generous. If you assume that authority figures will be a little stressed, you'll do fine. And, if you ARE an authority figure, relax.

GEMINI (May 21-June 21) - Today is a 5 - You're swamped! Too much to do, not enough time, gratification delayed. It's tough, but you'll survive. Success is coming soon.

CANCER (June 22-July 22) - Today is a 9 - You could easily be swept off your feet. This gorgeous, fascinating creature with whom you're so enamored may be the same person you've been married to for years. Either that, or you're crazy about a child. Or a puppy.

LEO (July 23-Aug. 22) - Today is a 5 - Aren't renovation projects fun? Well, not all the time, perhaps. Sometimes you just have to go back to the old drawing board. Revise your plans until they work.

VIRGO (Aug. 23-Sept. 22) - Today is an 8 - You should lock yourself into a quiet, comfortable place where you can study. You've always had
