Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Nov. 26). There's plenty of love this year, but there's a temporary shortage of money. Don't gamble or take other financial risks, especially before September. Focus on learning, with technical knowledge your priority. You're getting smarter. When you finally decide to take action, it may be in a whole new direction.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) - Today is an 8 - You're still interested in expanding your territory, so why not learn the language? This assignment is getting slightly easier as your natural curiosity grows. Buying a cassette could work. Finding a native to tutor you would be a lot more fun.

TAURUS (April 20-May 20) - Today is a 5 - You'll learn a lot of interesting things if you keep your ears open. People may come right out and tell you more than you wanted to know. Gather as much information as you can. Some will have to be discarded. You can sort through it later.

GEMINI (May 21-June 21) - Today is a 7 - It's becoming easier to tell the truth and get away with it. Others will start popping off, and that should inspire some very interesting conversations. Everybody's looking for answers, and you have some.

CANCER (June 22-July 22) - Today is a 6 - Go ahead and take on extra responsibilities, even if you're not offered extra money. Do it for the experience, or just to help get the job done. You're not seeking praise, but you may get it. Influential people are watching.

LEO (July 23-Aug. 22) - Today is a 9 - The situation is getting better. Victory is almost within reach. Should you push harder than ever before? Yes!

LIBRA (Sept. 23-Oct 22) - Today is a 7 - Can you relax a bit and let a partner take over some of the chores? You can do a lot more if you don't do it all by yourself.

SCORPIO (Oct. 23-Nov. 21) - Today is a 7 - More of your attention is focused on bringing in the big bucks. You may feel a tad stressed, but then again, you're never really at your best when you're fat and happy.

SAGITTARIUS (Nov. 22-Dec. 21) - Today is a 7 - You're getting smarter. That, plus your confidence and the element of surprise, gives you the advantage. Timing is important. Wait until after a loved one's suggestion proves faulty. Minimize risks with careful planning.

CAPRICORN (Dec. 22-Jan. 19) - Today is a 5 - Your to-do lists are growing, but your energy level is low. Do as much as you can, then rest tonight.

AQUARIUS (Jan. 20-Feb. 18) - Today is a 7 - The action was so fast and furious last week, you may still be wondering what really happened. You'll be able to collect more pieces of the puzzle this week. Things get very interesting.

PISCES (Feb. 19-March 20) - Today is a 6 - You may get the opportunity to take on more responsibility and make more money. Send in your application or your resume. Your loved ones are sure you can do it, so don't be afraid. This time, take your coaching from them.
