

# Doin' it in the Dark

## U of O's Energy Challenge

**Saving Energy = \$aving Money**  
**YOU CAN HELP UO CONSERVE**

### INDIVIDUAL ACTION

### COLLECTIVE ACTION

**SAVE ELECTRICITY**  
*(30% of campus energy use. Most is used for)*

1. Lighting
2. Cooling
3. Equipment

- Turn off lights in your space when you leave
- Turn off equipment (computers, etc.) when not in use

- Work with others to turn off lights in shared spaces (like classrooms) when not in use

**SAVE GAS & OTHER FUEL**  
*(70% of campus energy use. Most is used for)*

1. Heating

- Regulate your own temperature with clothing.
- Adjust room temperature with heating equipment controls NOT by opening windows

- Work together to reduce over-heating in spaces
- Work together to close windows in shared spaces during the heating season
