205 HELP WANTED

Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Jan. 23). Fix up your place during the first part of this year. Get it just the way you like it. This is not going to be easy, by the way. It'll be a challenge, but it'll be worth the effort. Later, you'll be more interested in romance. And by then, you'll have a lovely place in which to entertain.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) - Today is a 7 - Your friends may think you're a skintflint for not funding their schemes, but you just can't afford to spend the money. You could help out in another way. Something you know how to do will be useful to them. Instead of giving them a fish, teach them how to catch some.

TAURUS (April 20-May 20) - Today is a 6 - It's just one thing after another all day long. Try not to get discouraged. Keep working through each challenge. There's an end to this, and there might be a pot of gold there.

GEMINI (May 21-June 21) - Today is a 6 - You're a master communicator who can talk the paint off the walls. But today, your message isn't getting across. It's action, not words, that will do the trick. Prove you know what you've been talking about.

CANCER (June 22-July 22) - Today is a 6 - Don't bail out a friend in need. Offer encouragement instead. This person can pay his or her own way. Suggest that your friend knock again on a door that was previously closed.

LEO (July 23-Aug. 22) - Today is a 6 - Don't depend too heavily on your partner, even if he or she is an expert. Something this person tries is going to fall flat. It might be several things. Actually, well, everybody has their off days. Offer whatever assistance you can, including some plans of your own.
