Horoscope by Linda C. Black

TODAY'S BIRTHDAY (Feb. 5). As you gain status, sometimes you leave old friends behind. Don't worry: The best of them will always be there for you, and new friends are yet to be met. You'd never have had the chance to know them if you hadn't climbed this far.
To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.
ARIES (March 21-April 19) - Today is a 6 - Take it slow and easy. Don't let a manipulative person get you riled. Exploding into a fit of rage isn't in your best interest, even if it would be fun. Use the energy for something more productive.
TAURUS (April 20-May 20) - Today is a 6 - You and your partner need to figure out how to divvy up the loot. Make time for a meeting to discuss your options. Make educational materials, or something that makes the job easier, a top priority.
GEMINI (May 21-June 21) - Today is a 6 - Your job may seem overwhelming. Maybe it's because you feel underappreciated. Change that by doing more than is expected. You'll feel better about yourself and make more money.
CANCER (June 22-July 22) - Today is a 6 - What you need is a plan. Your life will get a lot simpler once you've worked one out. Get a loved one who's a good strategist to help. Do it now, because you'll be too busy over the next few days.
LEO (July 23-Aug. 22) - Today is a 7 - A personal matter you've been struggling with is about to be resolved to your satisfaction, so don't worry about it any longer. Make the commitment and get on with your life. Follow your heart, of course.
VIRGO (Aug. 23-Sept. 22) - Today is a 6 - Con-
