

nonvoting member. One of the four at-large members is selected to serve as Board Chair. The director of the EMU is an ex-officio, nonvoting member of the Board. The Board Chair currently receives \$125/month for 8 months. The Budget Committee Chair and the House Committee Chair each currently receive \$100/month for 8 months. All other members receive \$60/month for 8 months. Each member works about 8-10 hours per week. Work-study is also available for these positions.

Jacob Holcombe

Serving on the EMU Board not only offers an opportunity to work towards positive change for my peers, it also offers an avenue for ownership in the university. Thorough my involvement this year as a member of the EMU Board I have Worked hard to advocate positive change for students by representing the student voice in EMU decisions. Another important thing to me is ownership within the university. Sitting on the EMU Board has not only given me ownership within the university, but the chance to give ownership to students by representing their concerns on the board. I will create positive outcomes for student interests by working hard again next year to represent the student voice in EMU decisions. Take stake in your student union, have your voice heard in EMU decisions and gain ownership in decisions made on your behalf. Vote Jake Holcombe for EMU Board.

Senate Seat #1

STUDENT SENATE

According to the ASUO Constitution, the Student Senate has two major functions. First, it is responsible for distributing more than 8 million dollars in incidental fees to three major programs: ASUO Programs, the Erb Memorial Union (EMU), and the Athletic Department. As part of this responsibility, it establishes budgeting benchmarks or guidelines by November 30 for each of the three Finance Committees (ASUO Programs Finance Committee, EMU Board, and the Athletic Department Finance Committee) responsible for creating line-item budgets for the Major Program areas. Three Finance Senators are elected to serve on each of these Finance Committees. These Senators play an essential role in maintaining ongoing communication between the entire Senate and the Finance Committees as the committees develop the budgets for each area. The full Senate approves a lump sum budget amount for each Major Program area at the conclusion of the budget process in the spring.

The second function of the Student Senate is to represent the UO students in the faculty-student University Senate and University Assembly, which debate and set general University policies. Senators also sit on student-faculty committees, run the Information and Grievance Table in the EMU Lobby, approve ASUO executive appointments, and hold regular office hours each week.

The Senate is composed of eighteen members, fifteen of who serve for a two-year term and three who serve for a one-year term. The permanent structure of the Senate includes the following: three Senators who serve as members of the ASUO Programs Finance Committee (2 two year seats and 1 one year seat), three Senators who serve as members of the EMU Board (2 two year seats and 1 one year seat), and three Senators who serve as members of the Athletic Finance Committee (2 two year seats and 1 one year seat). These nine Senators are known as the "Finance Senators". The remaining nine Senators are elected by major to represent academic departments and are referred to as "Academic Senators" (all two year seats).

Experience in ASUO programs and in accounting or budgeting would be helpful, but it is not necessary. The stipend for positions is about \$150/month from September to May. These positions are expected to work about 15-20 hours per week. The Senate meets once a week.

Rick Reed

As students of the University of Oregon, we pay \$171 each term for incidental fees. This money supports every ASUO activity on campus, and it is the Senate's responsibility to ensure each activity receives adequate funding while simultaneously holding each activity accountable for its expenditures. It is this tight-rope walk that requires the members of the Program's Finance Committee to be charismatic, intelligent and dedicated.

Serving as an officer for philanthropy groups, community service organizations, social activities and the associated student body throughout high school, as well as currently being a member of the Delta Sigma Phi fraternity has afforded me the opportunity to hone these skills. If elected I will fight to keep incidental fees at or below their current level while requiring each activity to become cost efficient, thus providing the opportunity for new programs to take form. Vote Rick Reed for Senate Seat 1.

Dominique Beaumonte

Greetings! I'm Dominique Beaumonte. Quite frankly I like to be addressed as Senator Beaumonte. I know that sounds a little cocky but that reflects how serious I take my job as a senator. When I attended my first informational after I was elected a Senator about a year ago. I was told that I had a big responsibility and that was to be a "protector of the fee." I'm eager to fulfill this duty at another level. I'm down for giving some "view-point Neutral" love. It is PFC's dedication to the fee that encourages me to step to the plate and answer the call of duty. I'm ready to carry the tradition of PFC and be the master fee protector. That's where you come in. If you say... SENATOR BEAUMONTE...PROTECTS MY MONEY and head to the polls and vote DOMINIQUE BEAUMONTE for ASUO Programs Finance Committee (PFC) Seat #1. You will be glad you did.

Senate Seat #2

Senate Seat #3

Meghan Standridge

No matter what your level of involvement around campus, the roughly \$500 you pay in incidental fees each year means you have a stake in ASUO programming. From football tickets to partial funding for over 117 ASUO recognized student groups, more than \$8 million in student money goes out to various student programs every year. And every year, students control the process, from start to finish.

Through my last two terms as an ASUO intern, I have seen the amazing things incidental fees can accomplish when used correctly. As a Programs Finance Committee Senator, I will continue the tradition of distributing incidental fee money in a fair and consistent manner; making sure groups use student money to its fullest potential, problem solving when they do not. This is our money and I will play my part in seeing it allocated appropriately. Play your part. Vote Meghan Standridge for Seat 3.

Senate Seat #4

Kady-Ann Davy

Hello, my name is Kady-Ann Davy and I am running for Senate seat 4 which is the EMU Board Finance Senators seat. I have had substantial previous experience in governing during my years at Benson Polytechnic High School, as well as active involvement in community building and campus programming at the University of Oregon. In high school I assumed consistent responsibilities as the Sophomore Class Treasurer and Student Body Treasurer. As a member of the Health Occupation Students Of America (HOSA) at the U. Of O., I took numerous science classes including Biology, Anatomy & Physiology, Medical Terminology, etc. My commitment to representing the Biology major student community as well as other broad constituencies, as evidenced by my seriousness of purpose in pursuing. I have experience and am focussed on doing what needs to be done in the Senate to insure we be represented fairly and responsibly in order for all of us to be successful. Currently I am an ASUO multi-cultural advocate intern, a member of Black Woman Of Achievement, the Black Student Union, and The Oregon Students of Color Coalition I

want to bring that attitude to the EMU Board Finance Senators seat in the senate. As the protector of fees, my job is to be an ally to my science students and representative of my student body to make fair and equitable decisions. I can do this with the help of your input and thoughts, and your involvement in my campaign and term of office if elected. This is a campus where we work together to get things done, which I will work hard to do. If I am elected, I will do whatever it takes to make sure our incidental fees are allocated correctly. I am responsible, organized, open-minded, creative, and goal-oriented. With these skills, I will get the job done. Do what's best! VOTE FOR KADY!!!!!!!

Senate Seat #5

Aryn Clark

The students need a voice, someone to properly represent them. As a student senator it will be my job to take the incidental fee, paid by you, the students, and give that money to programs that will benefit you.

For the past two terms I have been an intern in the ASUO office, and because of that experience, I have an understanding of the way that the student government works. My firm grasp of financial matters, and my ability to make fair decisions makes me a great choice for student senate.

As a student senator on the EMU Board I will properly represent the issues that concern the student body. My name is Aryn Clark and I am running for EMU Board Finance Senator, Seat # 5.

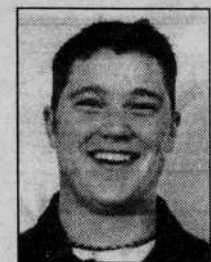

Samuel Berg

Each year, UO students pay over five-hundred dollars in incidental fees, over one-third of those fees go towards programs in the EMU. While this is a lot of money, the EMU serves as a great resource to students, and I will ensure that it remains a center of campus life. Being a student, and a member of a Greek organization, I feel the necessity for fiscal responsibility of your student money. During my three years at the UofO, I have acquired valuable skills that make me an excellent candidate for this position. I am open-minded, knowledgeable, and hard working. Vote Samuel C. Berg for EMU Board, Senate seat number 5.

Senate Seat #7

Kate Kranzush

Third times the charm! I have held an elected ADFC seat for the past two years. As chair of the committee, I have learned that the two most important qualities are advocating for students and continuity on staff. Because I am an avid Duck fan who loves attending UO sporting events, I know how important it is for students to have access to tickets. Through the use of the incidental fee, students "buy" these tickets at a discounted price. I want to keep this fee as low as possible for students, while maximizing our student attendance. What happens during negotiations is very reliant on what happened the previous year. That is why it is important for someone to be on the committee who knows how the athletic department works and can get students the respect and tickets they deserve! Vote for Kate Kranzush for ADFC seat #7. GO DUCKS!

Brad Fetrow

When I first came to the University of Oregon three years ago, I had no idea what incidental fees were. Since then, I have found out various different things about incidental fees. Did you know there is more than 8 million dollars in incidental fees to be distributed by the Student Government. There are three main areas that the money is distributed: the ASUO, the EMU and the Athletic Department. It is the job of the Student Senate to allot this money to the three different programs.

If elected to the Student Senate, I vow to work with fellow Student Senators to make sure that these fees are distributed in the most fair and rational manner. So when it is time to vote, make the right choice and vote for an unprejudiced, hard working and determined candidate who will make the tough decision easy. Vote for Brad Fetrow.

Alain Sho Ikeda

Sho and Matt were walking on a trail through the forest and saw a magic hole. They decided to jump in and fell into a lake. Then they got out and saw talk-
