**TODAY'S BIRTHDAY** (Feb. 27). Your routine may be disrupted this year, but there's never a dull moment. Even your tastes will change. Allow yourself room to try out new goals, new ways of living, new relationships. By the time you settle down, you'll be sure of what's right for you.

To get the advantage, check the day's rating; 10 is the easiest day, 0 the most challenging.

**ARIES** (March 21-April 19) \_ Today is a 6 \_ The more you get into the job, the more things you find that won't work. Don't be too hard on yourself. Sure, there'll be a few surprises, but nothing you can't handle. Let your worries go.

**TAURUS** (April 20-May 20) \_ Today is an 8 \_ Time is one of your most precious assets, so be careful with how you allocate it. Somebody who loves you needs a little more, and volunteer work can take a little less. There are lots of folks in need, but family comes first.

**GEMINI** (May 21-June 21) \_ Today is a 5 \_ You're generally pretty cheerful, but a critical person could get you down. Separate constructive criticism from nitpicking. Make the changes that will help you achieve your goal, and don't worry about other things you've been told.

**CANCER** (June 22-July 22) \_ Today is an 8 \_ You should be in a pretty good mood, even if you are encountering problems. Well, they're more like changes, actually \_ changes for the better. Your cheerful attitude helps others read-just.

**LEO** (July 23-Aug. 22) \_ Today is a 5 \_ You want to buy the very best for your friends and loved ones, but you'd better be careful. Just because you like it doesn't mean they will. This is particularly true if you're spending household money.
