News brief

Edward Humes to deliver Johnston Lecture

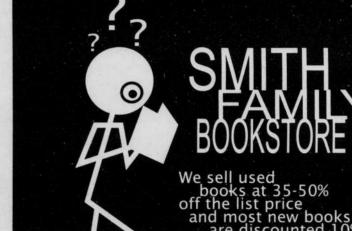

Pulitzer Prize-winning journalist Edward Humes will deliver the 2002 Johnston Lecture, "The Art of Being There: Immersing Yourself in the Story," Thursday in the Alum-ni Lounge of Gerlinger Hall.

Humes received the Pulitzer Prize for specialized reporting in 1989, rewarding his efforts in military newspaper writing. Humes'

military reporting included articles on the execution of an army private during World War II and a year-long investigation of fatal military helicopter crashes linked to flawed night-vision devices.

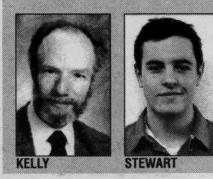

Humes has published six books including "Baby E.R.," a November 2000 medical thriller set in a neonatal intensive care unit, " Mean Justice: A Town's Terror, a Prosecutor's Power, a Betrayal of Innocence,' published in 1999 and named best book of the year by the Los Angeles Times, and "No Matter How Loud I Shout: A Year in the Life of Juvenile Court," named best book of the year by the Investigative Reporters and Editors of America.

After delivering the Johnston Lecture, Humes will spend two days at the University teaching a "Writing About ... " workshop in the University's literary nonfiction graduate program. The 2002 Johnston Lecture is free to the public and begins at 4 p.m. Thursday. - Katie Ellis

Ballot continued from page 1

Ward 6 candidate Frank Wiley

also gathered signatures before the city approved his petition form. Instead of turning in his petition early, as the other five candidates had done, he completed his paperwork and sought new signatures

When the city discovered that five of Wiley's signatures were invalid, his candidacy was temporarily de-nied. But on March 28, county elections officials, citing advice from the city, placed Wiley on the ballot.

"Wiley had collected signatures the same way as others on the ballot, but he had received conflicted information," county elections official Annette Newingham said. "He was playing by the rules as he thought they were."

City attorney spokesman Jerry Lidz said his staff is looking into the legality of these decisions but will stand behind them.

"The effort was to make sure nobody suffered as a result of inconsistent advice," he said:

Claiming that the candidates were given unfairly favorable treatment, Hale wrote a complaint to the secretary of state's office asking the agency to remove the five names from the ballot. The agency's elections division is still investigating the ballot but will probably not intervene be-cause the election is so near and because election officials are uncertain about the legal issues surrounding

University student Maco Stewart are competing for the Ward 3 city council seat, which represents the University area. Ballots will be mailed May 3 and are due May 21.

City primary election Incumbent David Kelly and

the controversy, Lindback said. Dissatisfied with the state's response, Hale said he is considering taking the issue to court.

"We ought to have one standard, not more than one," he said.

Whether or not Hale files a lawsuit, the city will revise its election filing rules in coming months to "make very sure this does not happen again next year," Lidz said.
