Horoscope by Linda C. Black

TODAY'S BIRTHDAY (April 10). You always want to have the right stuff and do the right thing, but how will you know what's right? Luckily, there are books you can read, people you can ask. That quest could become your main passion this year. Let the truth be revealed to you.
To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) - Today is a 7 - Return phone calls and add finishing touches. Pay back a debt and gather up the money somebody owes you. You'll be exceptionally brilliant tomorrow and the next day. Clear the decks.

TAURUS (April 20-May 20) - Today is a 7 - Consult with friends about how to handle an upcoming task. Several people are barking orders. Which one should you obey? Don't try to serve two masters. Listen to the one who pays your rent.

GEMINI (May 21-June 21) - Today is a 7 - All finally ends well, through some miracle over which you have no control. Consider it a victory anyway. "Control" is a highly overrated concept.

CANCER (June 22-July 22) - Today is a 6 - Look sharp, and iron something to wear tomorrow. The more crisply you stand at attention, the better the impression you'll make. Again, follow an experienced friend's advice in order to stay on the right side of a stern taskmaster.

LEO (July 23-Aug. 22) - Today is a 7 - The pace picks up noticeably by tomorrow. Meanwhile, continue to plan. Don't rush. Your best ideas come from carefully listening and watching. Go slowly now so you that you can eventually go faster.
