Horoscope by Linda C. Black

TODAY'S BIRTHDAY (April 16). Things keep getting more and more curious for you this year. Instead of finding answers, you're discovering new questions. Frustrating? Sometimes. Fascinating? Always. Your best lessons won't come from books, though you'll read a lot of them. It's what you learn through experience that you'll remember the longest, and it can serve you well.
To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

ARIES (March 21-April 19) - Today is a 7 - All is not easy yet. You're learning quickly, but it's partially out of necessity. That's OK - that's the way you learn best.

TAURUS (April 20-May 20) - Today is a 7 - Your confidence is growing, and with good reason. Your income is growing too, but watch out. The temptation to spend is strong. Buy only the stuff that's been on your list for a year. Save some money for food.

GEMINI (May 21-June 21) - Today is an 8 - You're full of spit and vinegar. You're about to instigate something totally outrageous, and you're probably going to get away with it - if it's legal and healthy.

CANCER (June 22-July 22) - Today is a 6 - Other people think it's easy for you, because you're always prepared. You know otherwise. You're scurrying and worrying behind the scenes now, but by Thursday you'll be ready, right?

LEO (July 23-Aug. 22) - Today is an 8 - You're very cool, but you're a fool if you think you can do everything. You have a whole team of people who want to help. You're strong, but with them you'll be awesome.

VIRGO (Aug. 23-Sept. 22) - Today is a 6 - They're insisting upon changes, but do they
