

Graduate Schools Spring Career Fair, EMU Ballroom

Table	School	School Profile
B23	Pacific University - School of Education	Graduate School - Teacher Education Program, School Counseling Program
B21	Portland State University - International Management Program	Graduate degree in international business. AACSB accredited 1 year full-time, 2 year part-time. Focus on Asia and Pacific Rim.
B22	University of Portland School of Business - Pamplin School of Business	The University of Portland's Robert B. Pamplin Jr. School of Business Administration offers you an MBA with a solid, cross-disciplinary exposure to the key areas of business and concentrations in Entrepreneurship, Global Business, Marketing, Management, and Finance. In a small, student-centered environment, you can complete an MBA at either a part-time or full-time pace. Our program is also well structured for the working professional.
B18	Willamette University - Atkinson Graduate School of Management	Willamette University's Atkinson Graduate School of Management offers the nation's only MBA accredited for business and public administration. The distinctive dual accreditation provides the flexibility to pursue a career in business, government and not-for-profit organizations. Areas of interest include: accounting, finance, human resources, international management, information technology, marketing, organizational analysis, public management and a joint MBA/LAW degree. Visit us at the fair or at http://www.willamette.edu/agsm .
B19	Willamette University - College of Law	Willamette University College of Law is situated at the nerve center for innovative law-making in the Pacific Northwest, the Oregon state capitol complex in Salem. The capitol complex includes Oregon's supreme court and court of appeals, both led by Willamette alumni. Willamette is home to the nationally recognized Center for Dispute Resolution, Oregon Law Commission, and Public Policy Center. Willamette offers the J.D., J.D./MBA for Business, Government, and Not-for-Profit Management; JD/Certificate in Dispute Resolution; and the new JD/certificate programs in Law & Business, Law & Government, and International & Comparative Legal Studies. Generous merit scholarships are available to talented students regardless of residency. Join us in Oregon. Join us at Willamette.
B20	Willamette University - School of Education	The Willamette University School of Education prepares teachers as educational leaders. The purpose of the field-based program is to develop reflective professionals who are student-centered, collaborative and sensitive to issues of diversity and culture.

Science Graduate School Fair, Willamette Hall

1	Bastyr University - Graduate School	Founded in 1978 as a college of naturopathic medicine, the university has broadened its offerings to include: Acupuncture and Oriental Medicine, Applied Behavioral Science, Exercise Science and Wellness, Herbal Sciences, Nutrition, Psychology with a Health Concentration, Spirituality, Health and Medicine (Certificate).
2	Creighton University - Pharmacy, Physical Therapy, Occupational Therapy	We offer doctoral programs in pharmacy, physical therapy, and occupational therapy. Creighton University is a Jesuit Institution located in Omaha, NE. Creighton is ranked No. 2 among midwest comprehensive universities for 2002 by US News and World Report.
3	Eastern Washington University - Physical Therapy	We offer a physical therapy curriculum leading to a Doctor of Physical Therapy degree.
5	Finch University - Physical Therapy	The Physical Therapy Department of Finch University offers a Doctor of Physical Therapy (DPT) degree. This 3-year entry level physical therapy program includes academic, clinical and research components and offers options to explore specialty areas. It provides an in-depth and universal view of the profession and its opportunities, with an emphasis on critical evaluation and problem solving skills.
6	Georgetown University - Special Master's Program in Physiology and Biophysics	The Special Master's Program (SMP) is a one-year Master's of Science Program designed to help students improve their credentials for medical school application. Students in the SMP take the majority of their classes with Georgetown's first-year medical students and are thus able to demonstrate their aptitude for medical school. Requirements for the SMP are: 3.0 undergraduate GPA, 26 total MCAT, completed pre-medical prerequisites.
7	Johns Hopkins University School of Nursing - Professional School	The mission of Johns Hopkins University School of Nursing is to provide leadership to improve health care and advance the profession through research, practice, service, and education. Students can pursue a baccalaureate, Master's (including MSN/MBA and MSN/MPH) and Doctoral (Ph.D. and DNSc) degrees. We also offer certificate programs including the Hopkins Business of Nursing and Postmaster's NP.
12	Kaplan Test Prep	Kaplan, Inc., a wholly owned subsidiary of the Washington Post Company, is one of the nation's premier providers of education and career services for individuals, schools, and businesses.
21	Kirkville College of Osteopathic Medicine - Graduate Health Professional School	As the founding school of osteopathy, the Kirkville College of Osteopathic Medicine (KCOM) educates osteopathic physicians and related health professionals to practice humanism in health care based on the unity of mind, body, and spirit. Doctorate Programs: Audiology, Dentistry, Osteopathic Medicine, Physical Therapy. Master Programs: Biomedical Sciences, Geriatric Health Management, Health Administration, Medical Informatics, Occupational Therapy, Physician Assistant Studies, Public Health, Sports Health Care.
8	Life Chiropractic College West - Doctor of Chiropractic	Life Chiropractic College West, which offers a Doctor of Chiropractic degree, is located in the heart of the San Francisco Bay area. Life West provides a solid academic and clinical experience featuring an integrated emphasis on chiropractic philosophy and technique. Equipped with a strong background in the sciences, a deep understanding of the chiropractic philosophy, and training in leading techniques, life graduates become well-prepared for a career in chiropractic health care.
13	Midwestern University - Graduate School	Midwestern University is educating the health care team of the next century. Our outstanding academic reputation stems from the depth and breadth of our learning environment. With two campuses in Downers Grove, Illinois and Glendale, Arizona and with programs in Osteopathic Medicine, Pharmacy, Physician Assistant Studies, Physical Therapy and Occupational Therapy, we provide an interdisciplinary approach to learning.
14	Midwestern University - MBS	Midwestern University offers Master's degrees in Biomedical Science (MBS) (with a Post baccalaureate Option), Bioethics, and Health Professions Education. The MBS degree is for those interested in laboratory or pharmaceutical research, biotechnology, government regulatory agencies, or further education in basic science or academic medicine. The Post baccalaureate option serves to demonstrate graduate-level proficiency and prepare the student for a health professional program (e.g. medical school).
15	National College of Naturopathic Medicine - Naturopathic Medicine	The National College of Naturopathic Medicine, located near downtown Portland, offers a Doctor of Naturopathic Medicine (N.D.) degree and a Master of Science in Oriental Medicine (M.S.O.M.) degree. With the college's academic emphasis in holistic, preventative medical education, both degree programs focus not only on technical excellence, but also on patient-centered care.
17	Oregon Health & Science University - The OGI School of Science & Engineering	We provide graduate level education in: Environmental Science & Engineering, Computer Science & Engineering, Computational Finance, Electrical and Computer Engineering, Biochemistry and Molecular Biology, Management in Science and Technology.
4	Oregon Health and Science University - School of Nursing	Oregon Health & Science University School of Nursing and Graduate Programs
18	Oregon Health & Science University - Medical Informatics	The major goal of the program is to educate future developers, managers, and researchers of health and biomedical information systems. Individuals with a variety of backgrounds are provided a strong technical grounding in medical informatics, health and medicine, computer science and research methods so that they may assume positions that require a thorough understanding of both information technology and the health care environment.
26	Oregon Health & Science University - Physician Assistant Program	The OHSU Physician Assistant Program is a 26-month, full-time course of study leading to a Master of Physician Assistant Studies degree. The program accepts 24-30 students each year. PAs are highly trained members of the health care team who practice medicine with the supervision of licensed physicians providing patients with a wide range of services.
19	Oregon State University - College of Pharmacy	The Department of Pharmaceutical Sciences at Oregon State University offers a challenging and creative atmosphere for motivated students to pursue graduate degrees in several areas of biomedical research. The Department offers a flexible curriculum that permits students to take courses that are best suited for their own career goals and currently offers M.S. and Ph.D. degrees in Pharmacy with emphasis in: pharmacology, toxicology, pharmaceuticals, medicinal chemistry, natural products and chemistry.
20	Pacific University - Professional Programs	Pacific University is an independent, comprehensive university recognized nationally for its exemplary programs. Pacific offers master's degrees in occupational therapy, physician assistant studies, counseling psychology, and education, doctorate degrees in optometry, physical therapy, and clinical psychology.
22	Samuel Merritt College - PT, OT, Nursing, PA	On the front lines of health science education, Samuel Merritt College offers graduate degrees in nursing, physical therapy, occupational therapy, and physician assistant studies.
23	Southern California College of Optometry - Professional School	The Southern California College of Optometry is a four year post-baccalaureate program. Our mission is to provide the highest quality optometric education through excellence in teaching, patient care, research and public service.
11	Touro University College of Osteopathic Medicine - D.O.	The mission of Touro University College of Osteopathic Medicine is to prepare competent Osteopathic Physicians through classroom and clinical teaching, service to the community and research. Because of the need for primary care practitioners in the state of California, as well as the rest of the United States, TUCOM focuses on the preparation of osteopathic physicians in primary care without ignoring the need for specialties within the field.
16	University of Oregon - Materials Science	The UO Materials Science Institute sponsors Internship/Master's Programs in Semiconductor Device Processing & Polymers & Coatings. Students take courses in summer term then work at paid Internships the next academic year at companies such as Intel, Hynix, neste, Forrest Paint Co.
10	University of Puget Sound - Physical Therapy/Occupational Therapy	University of Puget Sound offers programs leading to the Doctor of Physical Therapy Degree and the Master of Occupational Therapy Degree. Graduates excel in critical thinking and are widely praised for their clinical readiness. The outdoor environment of the Puget-Sound area provides a wonderful quality of life, with Puget Sound a few blocks away and mountains an hour to the east and west.
24	UT Southwestern Medical Center at Dallas - Graduate School	Prospective graduate students apply to the Division of Cell and Molecular Biology rather than the individual programs. All enrolled students receive a stipend of \$21,000 per year. Additional money is provided to cover the cost of tuition, health insurance and student service fees. Upon admission, students spend the first year participating in a core curriculum and a series of laboratory research rotations. These activities provide students the opportunity to explore the following eight areas of study before selecting a program: Biological Chemistry, Cell Regulation, Genetics and Development, Immunology, Integrative Biology, Molecular Biophysics, Molecular Microbiology, and Neuroscience.
9	Western States Chiropractic College - Graduate and Professional School	Western States Chiropractic College offers a 12-quarter program leading to the Doctor of Chiropractic (D.C.) degree. WSCC provides its students with a rigorous, science-based program that enables its graduates to treat and diagnose a wide variety of medical conditions and to work with other healthcare professionals for the benefit of the patient.
25	Western University of Health Sciences - Graduate and Professional School	Western University of Health Sciences offers the following graduate and professional programs: osteopathic medicine, pharmacy, veterinary medicine, physical therapy, physician assistant, health professions education & graduate nursing.
