Randy Travis heats up the Cuthbert Amphitheater

One of country music's most distinctive voices is coming to Eugene for what should be a dominant, well-received outdoor summer performance.

As the sun begins to set Aug. 29, Randy Travis will heat things back up at the Cuthbert Amphitheater with his 7 p.m. performance.

Odds are, Travis' set will feature many of his previous hits; Travis' hasn't produced a CD with new work since 2000. His past three CDs have been collections of his most popular songs and recordings of his live performances.

Classic songs and a good environment will be key for Travis' show. The August event will be Travis' first at Cuthbert, which is located between Autzen Stadium and Alton Baker Park.

Tickets, costing \$34 each, are now on sale for the summer performance and can be picked up at the EMU ticket office or at the Hult Center. There is an additional \$1 service charge for tickets purchased at the EMU.

Jewel set to perform in Portland

Jewel, a sweet-voiced song stylist, will be strumming acoustic guitar and singing in Portland's Arlene Schnitzer Concert Hall 8 p.m. Aug. 31. The show is sponsored by The Oregonian.

Her latest album, "This Way," includes pretty tunes like "Standing Still," "Love Me, Just Leave Me Alone" and "Break Me."

The Atlantic Records recording artist has been performing since she was six and writing songs since she was 17 years old.

Jewel became a singer and guitarist debutante when she was 20

by entering the big-time music scene with her first album, "Pieces of You," in February 1995.

Her supple voice and melancholy chords give Jewel's music its own style and also makes her songs familiar radio fare.

She's hit the top of the pop charts with expressive songs like "Foolish Games" and "Morning Songs" from "Pieces of You."

Now, in the past couple of years, she has expressed her feelings and experiences through the music found in "This Way."

Advance tickets are available through Ticketmaster. Ticket prices range from \$30.50 to \$40.50. Arrive at 7 p.m. to buy at the door, but tickets may be sold out.

Fifty cents from each ticket is donated to the Clearwater Project, which provides clean water to places like Tibet, Honduras and Mexico.

Women's health clinic closes its doors

Abortion services have become even more limited in Eugene.

The All Women's Health Services clinic, once located at 633 E. 11th in Eugene, is packing up shop indefinitely.

The clinic was the only abortion provider in Eugene. Now the closest location is Portland.

"We are not abandoning women in the area," said Executive Director Lois Smith. "We will still be working with Pro Choice and Planned Parenthood," she said.

The purpose of closing this location was to expand and improve services in the Portland clinic, Smith said. She added that there are a growing number of women in the Portland area who need the clinic's services.

"It's really a strategic business decision," she said.

AWHS began in 1971 and has been in the Eugene area for more than 10 years. In 1999, they began offering primary care services as well as abortion and birth control.

"At this point, there are no plans to reopen the office in Eugene," Smith said.

Oregon football games to air on East Coast television

New York City hasn't seen the last of Oregon Football — not by any means.

A year after an enormous poster of Joey Harrington was plastered in Times Square, Duck propaganda has returned.

This year, it's a 53 foot by 172 foot photo of wide receiver Keenan Howry filling the city's skyline, which simply states "We're Back."

Unlike the Harrington Heisman campaign, this year's poster has a two-fold purpose. Aside from getting the Ducks recognized on the East Coast, the poster serves as a precursor for a new campaign that will put Oregon football on East Coast television.

All 12 of Oregon's games will be aired on New York's YES Network, a 24-hour sports and entertainment station that reaches about 8.3 million homes in New York, Connecticut, New Jersey and Pennsylvania. The games are expected to be replayed Sundays at 2 a.m.

extra requirements that greek members have."

Beta Theta Pi was among the first chapters to submit its letters of compliance, but Meisel said the motive for such quick compliance was fatalism rather than enthusiasm.

Chapter adviser John Kanan echoed that sentiment. Kanan said he opposes the new standards — particularly the substance-free housing provision, which he called "discriminatory" — because they take away the ability of individual chapters to govern themselves.

"Internally, (fraternity members) must learn to manage themselves as a business," Kanan said. "Unfortunately, the University feels that they have the authority to regulate off-campus activities. I'm very concerned about that."

Nevertheless, Kanan said he recommended quick compliance to chapter members when the new standards were approved.

"There's no sense in going through a full term with alcohol in the house and then having to shut it off in winter term," he said.

Kanan, who is Beta Theta Pi's district chief for Oregon, said the fraternity system seems to be suffering for past sins. Beta Theta Pi, in particular, is doing much better now than five years ago, when, he said, it was "out of control."

The University chapter of Beta Theta Pi is the last in the Oregon University System to go dry. The OSU chapter was closed down five years ago but has since been re-colonized. As a condition of re-colonization, the house remains alcohol free. The Willamette University chapter was forced to go dry by the general fraternity because, Kanan said, "they were not controlling what they did."

"Beta Theta Pi firmly believes in self-government," he said. "But if (a chapter) is not meeting its obligations, the general fraternity steps in to make sure that they do."
