## Horoscope by Linda C. Black

**TODAY'S BIRTHDAY** (Oct. 31). Friends want to help, but they may not have the best advice this year. Don't follow the crowd if they're making a big mistake. This is most likely to happen where money is involved. You're favored to have the best common sense among those your group. Be a leader, not a follower.  
To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.  
**ARIES** (March 21-April 19). Today is a 5. If anything can go wrong now, the odds are good that it will. What does that tell you about checking facts and reviewing letters for typos?  
**TAURUS** (April 20-May 20). Today is an 8. The decisions begin to become obvious, though not all are easy. Belt-tightening may be required. Set aside distracting fantasies but not your goals or your faith.  
**GEMINI** (May 21-June 21). Today is a 5. It's usually a good idea to think about what you're going to say before you say it. This can get you into inner circles, and it's a good idea to practice this at work for the next few weeks.  
**CANCER** (June 22-July 22). Today is an 8. Advise a loved one not to spend a great deal of money now. It won't be long before you figure out a much better way to proceed.  
**LEO** (July 23-Aug. 22). Today is a 5. Spend whatever you can scrape together on domestic costs, not on a favorite cause. This time it will work best to put your own needs first.  
**VIRGO** (Aug. 23-Sept. 22). Today is an 8. New information makes old technology

obsolete, so stop doing the job the hard way. With a little more investigation, you might save a lot of time and trouble.  
**LIBRA** (Sept. 23-Oct. 22). Today is a 5. Gather more information before you make your final decision. It won't hurt to wait. If you ask for what you think you want now, the answer is most likely to be "no."  
**SCORPIO** (Oct. 23-Nov. 21). Today is an 8. Plans you've been formulating are starting to take shape. You'll soon visualize them more clearly. What you see is what you get.  
**SAGITTARIUS** (Nov. 22-Dec. 21). Today is a 5. You've waited just about long enough. If you don't say something now, the moment will be past. If that might actually be better, wait a day or two longer.  
**CAPRICORN** (Dec. 22-Jan. 19). Today is an 8. Travel is messed up again. Deliveries are apt to be delayed, too. Work on your lists and strategies, but don't bother with reaching conclusions yet.  
**AQUARIUS** (Jan. 20-Feb. 18). Today is a 6. Ongoing changes cause disruptions, but you can power through them. A dream takes a hit, but don't give it up. Show the skeptic that your faith is stronger.  
**PISCES** (Feb. 19-March 20). Today is an 8. The worst of the confusion should be over by now, even though all is not quite settled down. Walk away from something you don't need any longer, and toward something that'll work better.
