Tesh

continued from page 3

Christmas season. The effect should be obvious.

It seems as though Tesh was born with a synthesizer in his hand — he proves it on the tender love ballad "It Wouldn't Be Christmas Without You." Tesh said the tune was written specifically for

his wife Connie Selleca. But the song's universal themes ensure that couples around the world will appreciate each other a little more this December.

However, the highlight of this album has to be "Awesome God," where Tesh lets us all know that our God is, indeed, awesome.

"Christmas Worship" ultimate-

ly emerges as still more proof of the talent Tesh first unleashed upon the public on Entertainment Tonight. It is a fitting addition his growing catalog, which includes three gold albums and promises to become synonymous with Christmas for generations to come.

Ask Nat

continued from page 3

Dear Nat: People have always said I'm a nice guy and a great person. I try not to be arrogant about anything, and I treat women with respect — but women only think of me as the "good friend" or the "big brother." It's not that I don't like friends, but I'm getting kind of tired of this and would like to find a girlfriend. Please help me out.

— Looking for Love

Dear Looking: The question you've posed is one of the great

mysteries of the world, probably because no perfect solution exists. There is no perfect strategy to guarantee you will meet the person of your dreams the next time you go out. Love is something that happens all by itself, without the aid of scheming. A relationship that has been mapped out and forced is a recipe for failure indeed.

I get the impression that you're looking for a relationship built to last, which most people in college have not yet found. Those who brag about all their experiences with romance have most likely filled their time with meaningless hookups and unnatural, short-term relationships.

My advice to you is to first work on your confidence. While you're single, use your free time to indulge in activities that bring you happi-

ness and let you grow as a person. When others see you looking upbeat and comfortable with yourself, it attracts them from miles away.

Second, do what it takes to meet as many women as possible. You cannot control who you will meet or if she will be girlfriend material, but you can increase your chances of meeting Ms. Right by getting to know tons of different girls.

If I could summon a fairy to fly down and bring you the perfect girlfriend, I would. But for now, I'll be believing that a great girl is waiting for you in the future. Good luck.
