OP Launches New Gear Rental Program!

For over thirty years the Outdoor Program has provided rental equipment to OP trip participants and for over thirty years people have been asking if that gear is available for private trips. Until now, the answer has always been "No, sorry we have a small inventory of gear that is available for OP trip participants only."

Over time many of the local stores that we referred people to for rental equipment have reduced rental offerings, closed their rental outlets or gone out of business all together. As we saw demand for rental equipment increase and rental options decrease we started talking about how we might fill the gap. Finally we have an answer...

The Outdoor Program is proud to announce the opening of.... **OP GEAR RENTALS!**

Now UO students and OP Co-op members can rent a variety of OP gear for private outings. We're offering a variety of rafts, kayaks, backpacks, sleeping bags, tents, rain gear and much more in this brand new rental program!

Check out our price list sample below. Hours for the rental office will be: Friday, 1-6pm, Saturday, 8-11am, Monday 9am-1pm. Call for an appointment, reservations are recommended. Equipment Facility phone: 346-4371

For more information on how to rent gear for your next private adventure, find more at our website:
