The EMU Board takes on a large responsibility with the task of allocating funds from a multi-million dollar budget to the various programs on campus. There are two sources that contribute to these funds: revenue that is produced by the EMU and incidental fees which students pay each term.

As a student at the University of Oregon, I want to see that the money I am contributing to the budget, by paying incidental fees, is allocated fairly and serves its desired purpose. If I am elected to the Board, I will serve with ambition and competency, drawing from my past and current leadership experience, to ensure that money paid by the students is utilized fairly and effectively. My top priority will always be the best interest of the students.
