An arsonist set fire to the back porch of this residence, located at 1644 Hilyard St., shortly before 4 a.m. on Friday. It was just one of six arson incidents that occurred.

at 616 E. 16th Ave. Within the next hour, four more fires were lit in the area.

At 4:56 a.m., emergency personnel responded to a fire underneath a house at 671 1/2 E. 16th Ave. At 5:01 a.m., they were called to a trash bin fire in a shed against an apartment building at 740 E. 15th Ave. At 5:36 a.m., a fire was reported in a vacant apartment above a detached garage at 1661 Hilyard St. Finally, at 5:46 a.m., emergency personnel were notified of a sixth and final fire outside an apartment building at 738 E. 16th Ave.

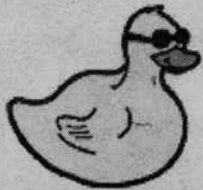

Some students who live in the area said they heard the fire trucks and police units running their sirens, while others said they didn't even notice. "I slept through the whole thing,"

said one student who lives two doors down from the first fire and across Hilyard Street from the fifth fire.

While EPD has yet to report a total damage estimate, the fire department released preliminary estimates that include \$35,000 in damage to a single residential structure. Delf confirmed that there have been similar series of arson attempts in the past, but said they only lead to suspect apprehension when the perpetrator is caught in the act.

EPD arson investigators said anyone who witnessed the arson incidents, saw suspicious activity in the area on Friday morning, or has other information about the fires should contact EPD Sgt. Rex Barong at 682-5111.
