Biomedical Informatics

Education and Training Programs
Oregon Health & Science University
Portland, OR

The major goal of our Biomedical Informatics Educational programs is to educate the future researchers, developers, implementers and managers of health and biomedical information systems. The programs prepare students for careers that require a thorough understanding of both information technology and the health care environment.

On Campus Educational Programs

- Doctor of Philosophy in Biomedical Informatics
- Master of Science in Biomedical Informatics
- Master of Biomedical Informatics
- Fellowship Training Programs (funded by National Library of Medicine)

Online Educational Programs

- Master of Biomedical Informatics
- Graduate Certificate in Biomedical Informatics
