Horoscope by Linda C. Black

Today's Birthday (Feb. 11). This year, finish a task this year that you've been working on. Follow through on a treat you promised yourself, too. It's time for that. The more things you accomplish, the more power you'll acquire. It'll happen naturally as you go along. To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

Aries (March 21-April 19) Today is an 8. Go over your lists again and decide what you should buy. Don't just think of yourself; make this a consensus opinion. The others will help with the funding if their needs are being met.

Taurus (April 20-May 20) Today is a 6. It looks as if somebody wants you to do something that you care nothing about. How can you possibly accept this order? Get a partner to help. It'll be easier than you think.

Gemini (May 21-June 21) Today is a 9. A solid bond connects you to the people with whom you serve. Now, it's time to get back to work. The whole bunch of you. New assignments are coming in.

Cancer (June 22-July 22) Today is a 5. Finish something you've been working on, and delay work on a new project. By giving this current task just a little more time, you'll make sure your results will last.

Leo (July 23-Aug. 22) Today is an 8. Focus on something you need for your home, and start drawing up lists and plans. You won't get it all right away, but a rough schedule will be a great help.

Virgo (Aug. 23-Sept. 22) Today is a 5. The good news is that the work you're doing is profitable. That should be a great comfort. The bad news is that it's quite difficult, and time consuming, to get it right.

Libra (Sept. 23-Oct. 22) Today is a 9. You'll soon want to get more serious and think about practical things. Meanwhile, let your imagination run wild for a while, just because you still can.

Scorpio (Oct. 23-Nov. 21) Today is a 5. You've been known to put off homework until the last minute. Hopefully you won't have to pull an all-nighter in order to be ready by tomorrow.

Sagittarius (Nov. 22-Dec. 21) Today is an 8. Gather up all of the hugs and good vibes that you can, and go into seclusion. You need time to mull over everything that has happened and to finish up a few things.

Capricorn (Dec. 22-Jan. 19) Today is a 5. Don't try to explain anything for a while. Those who don't understand won't be listening, and those who love you already understand.

Aquarius (Jan. 20-Feb. 18) Today is an 8. The farther you venture, the more you'll understand. This makes you a better teacher, which could be your next assignment. No need to take notes. You'll remember.

Pisces (Feb. 19-March 20) Today is a 6. Moving ahead can mean taking a risk. Even stepping from your fantasies into the creative process can be threatening. Start making modifications to that castle you've built in your imagination so that you can live in it.
