### Horoscope by Linda C. Black

**TODAY'S BIRTHDAY** (Feb. 19). This year, you have the uncanny ability to prove things that were previously unknown. Scientific insights come in your dreams. Nebulous facts are proven to your satisfaction, and eventually you prove them to all.  
 To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.  
**Aries** (March 21-April 19) \_ Today is a 7 \_ You're liable to be more thoughtful for the next several weeks, starting now. You'll have to curtail your forward motion as you take more into consideration. This is because you've entered new territory.  
**Taurus** (April 20-May 20) \_ Today is a 6 \_ You've been going through a testing phase, and it's almost over \_ for now. The next phase should be a lot more fun for you and for all of your friends. Celebrate!  
**Gemini** (May 21-June 21) \_ Today is an 8 \_ Conditions are changing as you blast into new territory. You'll have a whole stack of new problems to face, as well as new responsibilities. If you've been paying attention, this will be very interesting.  
**Cancer** (June 22-July 22) \_ Today is a 6 \_ It's always darkest before the dawn. That's what they say, anyway. Remember that, and toss away your sorrow. Relax and let the transformation take place.  
**Leo** (July 23-Aug. 22) \_ Today is an 8 \_ Your assignment for the next few weeks is to stash away as much as you can. If you and your partner do this

for a while, you'll have abundance later on.  
**Virgo** (Aug. 23-Sept. 22) \_ Today is a 6 \_ You're not quite ready for the final inspection. Someone is likely to find something that has to be done before you get that last stamp of approval.  
**Libra** (Sept. 23-Oct. 22) \_ Today is an 8 \_ Just when you were at the top of your game, a new twist is introduced. There'll be more work for the next several weeks. Good news: It's the creative kind.  
**Scorpio** (Oct. 23-Nov. 21) \_ Today is a 6 \_ You've been through some tough times lately, but conditions are changing in your favor. For the next few weeks, love and support will be there, rejuvenating your energy.  
**Sagittarius** (Nov. 22-Dec. 21) \_ Today is an 8 \_ Grab as much information as you can. You'll find a good use for it. Conditions keep on changing, however. Your next assignment is close to home.  
**Capricorn** (Dec. 22-Jan. 19) \_ Today is a 6 \_ You'll find it easier to absorb new material over the next several weeks. Get books on, or take a class on, whatever has been giving you fits.  
**Aquarius** (Jan. 20-Feb. 18) \_ Today is an 8 \_ You're entering a pragmatic phase, and not a moment too soon. Ideas are abundant, but which of them will bring in the biggest profit? It might be a trick that's untried.  
**Pisces** (Feb. 19-March 20) \_ Today is a 6 \_ It's always darkest just before the dawn, and you're coming into your own. Show courage when facing your trepidations, and ask them for a gift.
