BALLOT MEASURE

Question: Shall the ASUO Constitution be changed to strike the following language?

Section 6.15

The ASUO recommended incidental fee assessment for each of the following Major Programs:

- 1) ASUO Programs
- 2) The Athletic Department, and
- 3) The incidental fee portion of the EMU budget;

shall not exceed a 7% increase over the previous year's student incidental fee assessment, unless individually approved by an initiative or referendum shall under Section 14 of this Constitution. If placed on the ballot, the measure shall specify the exact amount in both percentage and dollars by which the 7% limitation will be exceeded.

Explanation:

The Oregon University System policies governing the maintenance and funding of building and equipment reserves has been changed. Where the old model was based on a two part allocation, an annual percentage addition as well as a replenishment of the past year's expenditures, the new model is based solely on a five year plan for expected expenditures. The language we ask to strike was added last year to accommodate the old OUS system and requirements.
