Horoscope by Linda C. Black

Today's Birthday (May 14). For you, this year is about following through and tying up ends. You undoubtedly have a list of things that fall into that category. But in case you don't, the universe will be glad to remind you of everything you ever promised anyone, then pester you to get it done. To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

Aries (March 21-April 19) _ Today is a 7 _ Pressure you've been laboring under disappears as if by magic. Did you find the solution to the problem, or did you just start looking at the problem differently? They're flip sides of the same coin.

Taurus (April 20-May 20) _ Today is a 6 _ Be on your best behavior for most of the day. You can relax later. Going out with friends is a fabulous way to celebrate your accomplishments. But first, excel.

Gemini (May 21-June 21) _ Today is a 7 _ You'll have to explain what you've been up to and whether you produced results. This won't be all that unpleasant if you have your facts in order. If not, you'd better scramble.

Leo (July 23-Aug. 22) _ Today is a 6 _ The game is changing quickly, but the confusion should settle down by tonight or tomorrow. Don't leave before you know who won and who lost. You'll have plenty of time to relax later.

Virgo (Aug. 23-Sept. 22) _ Today is a 7 _ After listening carefully to everyone's suggestions, you get to make the decision. But it doesn't have to rest solely on your shoulders. You'll do it with the help of math, figuring out what's affordable.

Libra (Sept. 23-Oct. 22) _ Today is a 6 _ There's an old adage that says you shouldn't show unfinished work. The viewer is likely to say something critical, and that could scare away your artistic muse. Unfortunately, it may be unavoidable now. Be strong. Point your idea in words.

Scorpio (Oct. 23-Nov. 21) _ Today is a 7 _ Love may cause you to languish about for a while. But true love eventually leads to work. If you're not working together, what's the point? Might as well read a romantic novel. Hold out for the real thing.

Sagittarius (Nov. 22-Dec. 21) _ Today is a 6 _ Love is the most powerful force on the planet, and humor works pretty well, too. If you're in a difficult situation, fall back on those old standbys. The person who's giving you the most trouble can't help but fall for your charms.

Capricorn (Dec. 22-Jan. 19) _ Today is an 8 _ Head back to the homestead tonight instead of going out on the town. A loved one would like to discuss a couple of things with you. Listen with care. Then you can play.

Aquarius (Jan. 20-Feb. 18) _ Today is a 5 _ Set up an interesting activity for this weekend. You'll be in the mood to learn. Your local recreation department might even have a class on something cool.

Pisces (Feb. 19-March 20) _ Today is an 8 _ Money is coming over the next few days. Sure, you have some bills to pay, but you should be able to buy a book or two on a subject you're getting obsessive about. Learn as much as you can.
