Horoscope by Linda C. Black

TODAY'S BIRTHDAY (June 7). Distant shores beckon, and this time it looks like you'll actually be able to fly somewhere you've always dreamt about. A tiny bit of nervousness appears to be all that's in the way. You might even decide to apply for a job there.
To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.
Aries (March 21-April 19) _ Today is an 8 _ Your popularity grows by leaps and bounds. You're sought not only for your leadership skills but also for your wisdom. It's partly because you have such a regal bearing. Better study up so you'll know the answers to the questions.
Taurus (April 20-May 20) _ Today is a 6 _ Time to get back to business. There's something you've always wanted to be, do or have, but it was just out of reach. If you believe in yourself, you can make it happen. The doing part will be easy then.
Gemini (May 21-June 21) _ Today is a 9 _ You're limited only by your imagination. Luckily for you, that part of you now refuses to be curtailed. Explore ideas that seem fantastic. You'd be bored by anything less.
Cancer (June 22-July 22) _ Today is a 5 _ The thing you really want is probably way too expensive. Don't sink into depression, though. You can build something just as good, and no one will ever know how much you paid. Unless you decide to tell them, of course.
Leo (July 23-Aug. 22) _ Today is an 8 _ Your partner may want to drag you off to meet some special friends. Don't worry, you'll end up liking them. No reason for you to be shy, as if that were even possible.
Virgo (Aug. 23-Sept. 22) _ Today is

a 6 _ You're good at what you do, and not only because you can figure out routines and follow them. You also have a knack for coming up with new ideas. Be creative!
Libra (Sept. 23-Oct. 22) _ Today is a 10 _ Hope springs eternal, and you're a great representation of that. No matter what kind of problems you're facing, you can always see the bright side. Or at least you can, always make up a bright side. It's a gift.
Scorpio (Oct. 23-Nov. 21) _ Today is a 5 _ You can have what you want for your home if you make do without something else. It's a tough decision, but you're known for your ability to make those. Choose the item or the course of action that will last longer.
Sagittarius (Nov. 22-Dec. 21) _ Today is an 8 _ The more questions you ask, the more complex the puzzle becomes. This is good, because anything less would never hold your interest. The topic you're into now goes on forever. Soak it up.
Capricorn (Dec. 22-Jan. 19) _ Today is a 5 _ Something you have in storage, or maybe in the garage, could turn out to be worth more than you thought. Go on a treasure hunt.
Aquarius (Jan. 20-Feb. 18) _ Today is a 9 _ You're so cute, it's hard for anyone to deny you anything. Knowing that you have this kind of effect on people, make good use of your time. But only make promises that you can keep.
Pisces (Feb. 19-March 20) _ Today is a 5 _ Did you know that Pisces is the sign of genius? You have a special talent for seeing things that aren't there yet and making them come true. This is a good day for having visions.
