materials, instruction and
access to CBT practice exams

Horoscope by Joyce Jillson

TODAY'S BIRTHDAY (October 5). The year ahead will be a time of great personal change for you. Don't be surprised if you find yourself moving in an entirely new and unforeseen direction, particularly with regard to your love life or a financial arrangement involving someone else's money. And your sex life positively sizzles. Lucky love signs are Scorpio and Leo. Your lucky numbers are: 1, 12, 28, 33 and 41.

Mercury crosses paths with the sun, which is like a cosmic rim shot to a vaudeville comedian. Vaudeville performers liked to tell the audience what they were going to do and then deliver the action skillfully with a twist, followed by a rim shot to say, "See, I did it!" Our communication follows these lines, and it's clear what has occurred.

ARIES (March 21-April 19). Do you have a friend, love or family member who always makes you feel terrific? Maybe she thinks you're glamorous even when you're wearing an old pair of sweats. Or he thinks your embarrassing social gaffes are adorable.

TAURUS (April 20-May 20). Someone knows someone who's the perfect person to help you with your agenda. Take a few minutes to go through your Rolodex and make a list of any friends and contacts who might be helpful to you.

GEMINI (May 21-June 21). Pay attention to the intention behind what you say. By focusing on the subtext behind your words, you not only gain insight into your own psyche but will also start to pick up on the subtle clues being revealed to you by others.

CANCER (June 22-July 22). Think about the key areas of your life. Are you settling for less? There is a way to rearrange things in your world so that your reality is a little more in tune with your desires, while still remaining true to your values.

LEO (July 23-Aug. 22). The only way to truly empower yourself is to let go of your own need for control. True power comes from a di-

vine, inexhaustible source, so the more power you give to others, the more you get for yourself.

VIRGO (Aug. 23-Sept. 22). Your body knows what your mind doesn't, so be alert. If you're feeling worn out or in pain, don't just pop an aspirin or have another cup of coffee without first asking yourself what's stressing you out. **LIBRA** (Sept. 23-Oct. 23). Consider what you've added to the world lately. Perhaps you've done something useful or beautiful. Then, figure in what you've subtracted or wasted. If the pluses outweigh your minuses, you're doing OK.

SCORPIO (Oct. 24-Nov. 21). Life is hard enough without your making it tougher. Never stop trying to improve yourself or stretch your limits, but do try to take the path of least resistance. If you don't know what that is, ask the person who loves you best.

SAGITTARIUS (Nov. 22-Dec. 21). Take a gamble on the future, and embark on a new path. Be especially open to any intriguing invitation that comes your way via someone very old or someone very young. It's best to keep any insights to yourself now.

CAPRICORN (Dec. 22-Jan. 19). Look for the humor in every situation, whether you're stuck in traffic or fighting a serious illness. Laughter really is the best medicine to fight stress and stay young. If it's love that you seek, a smile attracts the most notice.

AQUARIUS (Jan. 20-Feb. 18). Being an adult means knowing how to return the love you're given. If someone gives of himself or herself openly and without hesitation, thank your lucky stars, and don't hold back with your affection.

PISCES (Feb. 19-March 20). Everything in the universe yearns to be made whole again, so completing small tasks can reap big karmic rewards. If your house is in full working order, lend some assistance to a neighbor or co-worker.
