Strange Brew by John Deering

Horoscope by Joyce Jillson

TODAY'S BIRTHDAY (October 14). You come to a realization about yourself this year that changes your life forever. Perhaps it will motivate you to seek out a support group, change careers or find a new mate. You'll join a club or organization of like-minded individuals at the start of the new year and meet someone there -- a teacher, love or friend -- who expands your mind. Your lucky numbers are: 12, 16, 23, 47 and 53.

ARIES (March 21-April 19). Your warm temperament and willingness to tell it like it is may have attracted the affections of one who's a bit slower on the uptake. You're not known for your patience, but in this case, it would behoove you to make an extra effort.

TAURUS (April 20-May 20). Regarding emotional and financial security, help is coming. You meet a well-informed expert in the field that is relevant to you -- be it health care, insurance or banking. You'll know this person by his/her air of authority and warmth.

GEMINI (May 21-June 21). Everything seems to be falling to pieces all around you, but for once, you are the calm at the center of the storm. Survey the chaos with an eye for remembering details -- you may be called upon to give a deposition.

CANCER (June 22-July 22). The workweek has thrown you out of balance, and you desperately need to re-center yourself so you can make the most of the next few days. How do you know you're out of alignment? There's too much chatter in your head.

LEO (July 23-Aug. 22). Just because it's raining doesn't mean the sky is falling. Try to maintain your perspective and your positive attitude. The most important thing is your health and safety. Focus on that first, and everything else will follow suit.

VIRGO (Aug. 23-Sept. 22) Unfinished business

nags at the back of your mind. Perhaps it's an old flame or a project you just can't seem to finish. You're the only one still obsessing about it. Everyone else has moved on, so don't let it ruin your day.

LIBRA (Sept. 23-Oct. 23). Family squabbles can drag you down. You don't have to fall for the same old dynamic. What would happen if, for once, you refused to play the expected role of go-between? Let folks talk to each other instead of relaying messages.

SCORPIO (Oct. 24-Nov. 21). Regarding a special deal, stick mainly to your terms, but do remain flexible on the points that don't mean as much to you. A certain amount of give and take in the form of revisions will be required to finalize things.

SAGITTARIUS (Nov. 22-Dec. 21). You've settled into a new situation that arose in your life over the last season. Maybe it's a new job, a new love or a travel opportunity. Check in with your higher self again now that you're over the hump.

CAPRICORN (Dec. 22-Jan. 19). You're a good provider. Is it any wonder that family members are hitting you up for money? If you can comfortably afford it, you would do well to spread the wealth around a bit. Your family -- and the economy -- will benefit.

AQUARIUS (Jan. 20-Feb. 18). You're doing all the right things -- getting involved in projects you care about and focusing on bettering yourself and the world. Just try to be patient. An older female friend, perhaps a neighbor, could really use your assistance.

PISCES (Feb. 19-March 20). Your love life is really cooking. It's only going to get hotter in the coming weeks, too. Right now, focus on finances. You and your fellow water signs, Cancer and Scorpio, are in a prime position to receive a big windfall soon.
