Horoscope by Joyce Jillson

TODAY'S BIRTHDAY (October 18). Your idea of progress has shifted. This year, the stakes are higher, and you're more willing to do what it takes to get there, too! Confidence builds through this month, and if single, you attract new love to your side. Together, you make a power couple. Existing couples could go into business together or make a big joint purchase in November. Your lucky numbers are: 3, 20, 14, 53 and 28.

ARIES (March 21-April 19). You'll feel as though you're on cloud nine. In this state, it's hard to imagine there might be a cloud 10 or 11. Continue to see new possibilities instead of feeling like you are only worthy of a certain amount of pleasure.

TAURUS (April 20-May 20). Get more people on your side. Colleagues, friends, neighbors and authority figures will be more willing to help you out in the future because of the kindly gestures you offer. Keep treats on your desk for your co-workers!

GEMINI (May 21-June 21). Handle all those technical issues you've been avoiding. It takes time to save time. For example, even if it takes you five hours to get the DSL line set up, you'll save hours of waiting around for your dial-up to get the job done.

CANCER (June 22-July 22). You're smart, and you're informed -- so what more does the boss need? Probably some emotional support, too. Your special brand of care is something that people can't get elsewhere. You'll be doing a lot of listening.

LEO (July 23-Aug. 22). Expecting perfection is silly. And if you continue to do this on a consistent basis, it's just plain paralyzing. So loosen up. Unusual activities make your experiences colorful and bright, and bring you the most interesting stories to tell.

VIRGO (Aug. 23-Sept. 22). You're not a victim. You are in control of what happens to you. Affirm the former, and repeat the latter over and over. You'll start to realize that something you're doing is contributing to the way things are.

LIBRA (Sept. 23-Oct. 23). Your usual diplomacy might be difficult to keep up because events are happening so quickly. Just be careful to give credit where credit is due. If you retell somebody else's idea, make sure to say whose it was.

SCORPIO (Oct. 24-Nov. 21). Though you may be hoping for a relationship that brings satisfaction, your time is better spent seeking the satisfaction first and the relationship second. Go by yourself to the movies, a museum or the bookstore.

SAGITTARIUS (Nov. 22-Dec. 21). The smartest people you know will offer their resources if you'll only stop to listen. However, do make sure that the smartest people you know are really smart and that you're not being fooled by fancy rhetoric.

CAPRICORN (Dec. 22-Jan. 19). Move and shake with the movers and shakers. Important meetings are featured. Think ahead. Have plenty to report about the topics you're likely to cover. Join the "now" crowd. Read everything you can get your hands on.

AQUARIUS (Jan. 20-Feb. 18). You are an excellent judge of character when others are not. So watch out for loved ones. If you get a funny feeling about one of your friends or business associates, speak up -- in the gentlest, most helpful tone, of course.

PISCES (Feb. 19-March 20). I once knew a Pisces who, when invited to a party, would actually bring a book. Your sign can be shy or can be incredibly communicative. Remember that introversion is a choice -- and one that doesn't serve you now.
