**Horoscope** by Joyce Jillson

**TODAY'S BIRTHDAY** (October 21). You've got an optimistic feeling about this year, and you're totally right! A lucky break in the next seven weeks takes you to the next level in your finances. If you manage your money well, you experience greater freedom and use this to go on a grand adventure in January. Faithful loved ones are your real joy. Love signs are Sagittarius and Leo. Your lucky numbers are: 9, 12, 14, 39 and 45.

**ARIES** (March 21-April 19). Small shifts make a big difference over time. Honor the 80/20 rule at work -- 20 percent of your activities contribute to 80 percent of your work. So do the important 20 percent, cover your bases, and let the busywork slide.

**TAURUS** (April 20-May 20). You are skeptical of anything that looks too easy, but don't be. Not every gift from the universe requires a big effort on your behalf. Did you ever stop and think that happiness might be your birthright?

**GEMINI** (May 21-June 21). Emotional complexities wrap you up in their sticky web. Show up when you feel like bailing. It's not so bad really -- everyone is too busy fighting for his or her own place in the world to worry about how you're coming off.

**CANCER** (June 22-July 22). Look for something interesting in situations that on the surface seem deadly dull. You'll gain resources by connecting with the very people who on the surface seem like they've got little to offer. Romantic issues surface tonight.

**LEO** (July 23-Aug. 22). The world is not out to get you, though after this morning, you'll probably think so. The confrontational attitude that some people take with you is actually an opportunity to redefine boundaries of a relationship or terms of an agreement.

**VIRGO** (Aug. 23-Sept. 22). The intensity is turned up, and you'll wonder if you can handle it, emotionally, physically and financially. Of course you can, but you'll need to be gentle with yourself. The one being hardest on you is you, as usual.

**LIBRA** (Sept. 23-Oct. 23). Tricky situations are your specialty. There's nothing you can't figure out, and you love the challenge. In relationships, be the one to put things to the next level. Partners may lag behind unless you push them onward and upward.

**SCORPIO** (Oct. 24-Nov. 21). Sure, you're very intuitive, but it's still difficult to see what's ahead when the road winds, dips and ascends as much as it has lately. You'll have to employ your faith. Don't entertain your own skeptical thoughts.

**SAGITTARIUS** (Nov. 22-Dec. 21). Get your attitude in alignment, and things go smoothly. Use a pen to empty your mind to paper. This gives you much more mental space to deal skillfully with the people and situations that need your attention.

**CAPRICORN** (Dec. 22-Jan. 19). Under current scattered planetary influences, it's so easy to be preoccupied when you need to be focused. Making sure you've got a Taurus or Aquarius on your team will help you keep things in the proper perspective.

**AQUARIUS** (Jan. 20-Feb. 18). Much of your success depends on being a good friend. Start by greeting the world with a pleasant expression on your face, laughing at people's jokes and offering to share. Before you know it, you're back in the groove.

**PISCES** (Feb. 19-March 20). Your emotions lead you into dicey territory -- but just because you feel a feeling doesn't mean you have to act on it. Try and see your impulses for what they are -- a response. You always have a choice about how you'll react.
