Strange Brew by John Deering

Horoscope by Joyce Jillson

TODAY'S BIRTHDAY (October 26). Your compass guides you down the path of least resistance this year. You see opportunities where you never noticed them before because you realize that life doesn't have to be hard, that people want to help you and that you are loved more than you knew before. Romantic times next month can turn into a solid committed relationship by 2005. Your lucky numbers are: 11, 5, 34, 20 and 43.
ARIES (March 21-April 19). You may be feeling uncharacteristically shy. Social situations can be stressful, even when you know everyone involved. Don't allow your mind to go down paranoid, winding paths that you know will lead you nowhere.
TAURUS (April 20-May 20). You're a hard worker, and your hard work is paying off, too -- though you probably won't know this in any tangible way until about 30 days from now. It's time to make those reminder calls about all the little loose ends in your life.
GEMINI (May 21-June 21). Being culturally attuned is your thing. You know what's hot, hip and newsworthy. And people less clued in can't help but be attracted to you or even a little afraid of you. After all, you could expose them as being square and out of it!
CANCER (June 22-July 22). Job opportunities are featured, even if you're not currently looking. It's anything but a waste of time to investigate your options. The smallest thread of information will contribute to the way you work in the future.
LEO (July 23-Aug. 22). You're unconsciously looking to bond with people who can parent you in some way. Role models will seem bigger than life, and you could find yourself imitating them. It's a healthy thing to do because you're growing.
VIRGO (Aug. 23-Sept. 22). You're in

a creative mood and will be further inspired by friends in a similar pursuit to yours. A little competition is healthy, but being overly competitive could cause a blowout. Read the signals so you will know when to back off.
LIBRA (Sept. 23-Oct. 23). Solitude and quiet help you fill your well. But finding them is difficult with so many people around you, each following his or her own quest. Many try to involve you, and some try to fool you into taking on their problems.
SCORPIO (Oct. 24-Nov. 21). Your emotional warmth is infectious, which is why so many get close to you. Since you know what you want, you may as well ask everyone. You're only three degrees away from the very person who will solve your problem.
SAGITTARIUS (Nov. 22-Dec. 21). People who live under the same roof still have much to learn about one another. Your nearest and dearest may have a value system that's different from yours. That doesn't make it wrong, just inconvenient.
CAPRICORN (Dec. 22-Jan. 19). Getting into a new partnership isn't favored, but improving the partnership you're already in is an excellent use of your energy. Have a candid conversation, and agree ahead of time to work things out.
AQUARIUS (Jan. 20-Feb. 18). You'll have profound feelings and then possibly forget about them an hour later. It doesn't mean those thoughts are any less true or insightful; it's just that kind of day. New developments take you on silly tangents.
PISCES (Feb. 19-March 20). You've got a very specific vision of how this day should go, and hopefully, the people around you are on the same page. If not, there are many challenges. Cash talks. Throwing money at a problem makes it go away.
