Horoscope by Joyce Jillson

TODAY'S BIRTHDAY (October 27). The answers are there for you this year. All you have to do is ask the right questions! Your focus on self-improvement pays off beautifully, and by the end of next month, you're filled with pride in your accomplishments. New people in your life energize your work situation. A financial breakthrough in February is well deserved! Your lucky numbers are: 3, 50, 6, 11 and 19.

ARIES (March 21-April 19). It will take guts to speak up to the person who has the power to help you. You're proposing a new standard, after all, instead of falling into the line that's already been established. But rewards go to the brave.

TAURUS (April 20-May 20). Though you've gotten just about everything you asked for last week, it very well may be that you're still not happy. It's time to raise the stakes again, this time being more specific to your particular set of values.

GEMINI (May 21-June 21). You dream about who the perfect person might be for you and what qualities that person may possess, but when it comes to real life, it's more about chemistry and compatible lifestyles than anything else. Have faith in your intuition.

CANCER (June 22-July 22). There are doomsayers all around you, but don't believe a word of what they say, especially when the subject is the economy. Your qualifications make you perfect for a position that's just opening up.

LEO (July 23-Aug. 22). Your charisma makes you popular, and you take the responsibility seriously. You've got a healing gift. Your special "medicine" is the optimistic force of your spirit. A kind smile elevates the mood of those around you.

VIRGO (Aug. 23-Sept. 22). Some would say you're lucky, but you don't sit around wishing until one day -- poof! You use

cause and effect instead, adding A and B to get C. It's amazing how many people won't do what's needed to get the result they seek.

LIBRA (Sept. 23-Oct. 23). Your brainchild is growing up and starting to walk on its own! Help it out by finding more places where it will be useful, more people who need it and more opportunities to showcase it. To succeed, you must dare many times.

SCORPIO (Oct. 24-Nov. 21). Suddenly, it's very important to get real with your relationships. Don't worry too much about the future, but do center yourself and ask the hard questions -- like what is it you were expecting of the relationship when you got in.

SAGITTARIUS (Nov. 22-Dec. 21). You're dreaming big and can't be bothered with anything that distracts you from what you really want. Romantic complications are becoming less complicated due to your decisive attitude.

CAPRICORN (Dec. 22-Jan. 19). Be careful whose heart you play with! A formerly harmless flirtation could turned into something more. You could easily get sucked into a love triangle. Maybe it's best to shift your attention from love to career.

AQUARIUS (Jan. 20-Feb. 18). Each person has a unique relationship with money. Some are spenders, some are savers, and you're an investor. You apportion some of your hard-earned cash into risky but scientific propositions and watch it double.

PISCES (Feb. 19-March 20). You're being pulled in multiple directions. People think they know what's best for you, but they don't know you nearly as well as they think they do. You have to decide what would bring you the most enjoyment.
