Horoscope by Joyce Jillson

TODAY'S BIRTHDAY (November 1). Your biggest ideas are completed this year! Keep working your plan -- and if you don't have one, creating one this week is extremely lucky. Partners are attracted to your drive in December. Don't change your strategy. Do what you do well, and in January, new opportunities give you reason to reassess. A Virgo or Taurus romance heals you. Your lucky numbers are: 12, 39, 4, 7 and 16.

ARIES (March 21-April 19). Sometimes, you're inspired, so you do the work. Other times, you do the work, and the inspiration comes later or never comes. Unfortunately, the latter is truer today, so don't wait until you feel like working to work.

TAURUS (April 20-May 20). Stop fretting about a decision, and just make it. When the difference is big, you know what to choose, and when the difference is small, it does not really matter what you choose. Charming individuals tempt you in the evening.

GEMINI (May 21-June 21). A quandary is featured. You can't learn everything you need to know from books. Someone's personal experience will teach you more about the subtleties you're facing on your road to success. Get more input from outsiders.

CANCER (June 22-July 22). Friends seem to have attention deficit disorder. If you're not in their face, then they don't remember what they promised, offered or divulged to you. It's annoying, to say the least, but nothing to take personally.

LEO (July 23-Aug. 22). Someone will respond in kind to your recent good deed. This should make you feel like you're making a difference in the world. If it doesn't, then it's time to give yourself a little more credit. Tonight, a nagging obligation goes away.

VIRGO (Aug. 23-Sept. 22). You've got to be shrewd to figure out the bottom line now because it's not what you think.

People who appear to be in charge really aren't. And the seeming low man on the totem pole could indeed hold all of the power.

LIBRA (Sept. 23-Oct. 23). An invitation in the mail or a request could cause you to reconsider just how close you'd like to be with someone -- or do you even want to be a part of this person's life at all? People who show no gratitude are draining.

SCORPIO (Oct. 24-Nov. 21). If you look out on the horizon, you'll see a situation in the distance that is steadily but surely coming your way. Start planning now because if you wait until this entity is at your doorstep, you'll make a rash and impractical decision.

SAGITTARIUS (Nov. 22-Dec. 21). An intense workload is featured, but you're strong with plenty of stamina. Because you stay calm in the face of the "monster," everyone around you throws more work on your pile. Eventually, you'll be rewarded.

CAPRICORN (Dec. 22-Jan. 19). You've already made up your mind about what and whom you can support, but there's now a reason to reconsider. You never quite saw it from a certain person's point of view, and once you do, everything is different.

AQUARIUS (Jan. 20-Feb. 18). You're feeling testy and could even make demands of people in a way that is uncharacteristic of you. But hey, you deserve to see results for your efforts, and if you don't speak up, you may not get the proper credit.

PISCES (Feb. 19-March 20). You may think you're looking for guidance, but what you really need is a cheerleader! You know what you want and how to get it. But someone who keeps you accountable is worth his or her weight in gold.
