## Strange Brew by John Deering

### Horoscope by Holiday Mathis

**TODAY'S BIRTHDAY** (November 2). You will be swept up in the spirit of generosity and enthusiasm this year, and will suddenly feel a deep need to help others by volunteering in your community. Your efforts will be rewarded in very surprising ways -- you may find your soul mate in December while doing a good deed for someone else. Lucky love signs are Cancer and Leo. Your lucky numbers are: 10, 2, 15, 27 and 51.

**ARIES** (March 21-April 19). What you want from others is conflicting with what they need for themselves. Try not to take it personally if your sweetie or a friend doesn't seem to have time for you right now. Hang in there, and the situation will clear up.

**TAURUS** (April 20-May 20). A new challenge will force you to see a different side of yourself than you normally face. Don't be surprised if you find yourself speaking in public to a large group -- nerve-racking, sure, but nothing you can't handle.

**GEMINI** (May 21-June 21). You've been spinning your wheels, feeling stalled while the rest of the world is on fast-forward. What you need is a fresh perspective to shake the cobwebs out of your eyes. Go someplace different, and get a change of scenery.

**CANCER** (June 22-July 22). A certain difficult co-worker loves to push your buttons. He or she always knows exactly what to say to make you feel insecure, especially if it's about your personal life. Try compassion rather than getting defensive.

**LEO** (July 23-Aug. 22). Your enthusiasm revives everyone around you by providing a much-needed energy boost. One word of caution: Someone higher up is trying to take all the credit for your work. Back up all your drives, and keep detailed notes.

**VIRGO** (Aug. 23-Sept. 22). A female friend or co-worker who is younger and less educated than you will be able to offer you startling insights into a personal problem. Sometimes, your book smarts blind you to the simplest, most obvious answers.

**LIBRA** (Sept. 23-Oct. 23). Belief always trumps doubt. Sure, it's easy to keep your faith in the divine order of the universe when everything's coming up roses for you. It's much harder, and much more important, to keep it when the going gets tough.

**SCORPIO** (Oct. 24-Nov. 21). Keep things moving in the right direction by communicating information clearly. This is especially true if you don't think what you're saying is particularly important. Your words are much more powerful than you realize.

**SAGITTARIUS** (Nov. 22-Dec. 21). The big picture is coming into sharp focus, enabling you to discern recurring patterns and themes. Use this opportunity to correct your course of direction if necessary. Tie up any loose ends.

**CAPRICORN** (Dec. 22-Jan. 19). The physics behind chaos theory says nothing happens by chance. Everything is cyclical -- and the cycles are so long that sometimes events appear to us short-lived mortals as bizarre flukes. Trust in life's process.

**AQUARIUS** (Jan. 20-Feb. 18). Be very clear about what you hope to achieve. When faced with an overly critical family member or friend, smile and tell that person you love him or her. Nothing else you tell them today will be understood, so don't even try.

**PISCES** (Feb. 19-March 20). That special someone in your life is pulling away from you now because he or she is afraid of loving you too much and getting hurt. Your first instinct will be to hold on tight. Resist this urge.
